Back in the Spotlight

It was the beginning of the second century for Hillsborough High School. Everyone who was a part of Hillsborough was anxious to leave their mark in history as the last hundred years had done. The last hundred years had left everyone cheering for more. It was up to us to improve this performance, to give an encore presentation. By making this year better we were also setting the stage for the next hundred years.

Although the aura of tradition still lingered, it was time to move forward. A new generation was creating high expectations which they were eager to fulfill. We were striving to build the perfect foundation on which the years to come would stand. With the support of every student, we started the next century with pride.

"Go Hillsborough!", was an obvious element of the 85-86 school year. There were constant ways to display pride for the dear old Red and Black. Service Clubs initiated spirit through fund raisers, like the selling of beat cards. Supportive students and faculty wore Red and Black on game days. During Mrs. Haines homeroom, students who did not follow this tradition had to stand up in class. One way students showed respect for Hillsborough was by abiding by the Terrier Creed. In addition to this, they sang the words to the Alma Mater at school activities. All these activities promoted school spirit through the year. It was easy to love Hillsborough High and move the school into the new century.

The Hillsborough Collection

Year after year, Hillsborough High School students have shown their individuality and personal style, and pursuit of high fashion through the clothes they chose and wore. This year was no exception. The most fashion conscious students were found wearing long tight fitting skirts, paisley and plaid prints, long sweaters, and close fitting pants. Whatever fashions you found them in, you could be sure that the Terriers were always dressed to the height of fashion. (All photos by Robert Diaz.)

Cool looks on a cool day are easy for Sammy Rodriguez.

Where can you find friends, fun, and good times on the weekend? All you have to do is follow a Terrier. A Terrier can lead you to such hot spots as football games, ABC Pizza House, and Mission Bell Theater. A few daytime social spots are Harbor Island, Tampa Bay Center, Clearwater beach, or just playing sandlot football with a few friends. A few new and exciting places for Terriers to go are Skyfeathers and Faces. Ask any Terrier where to go about a good time and he can lead you down the right path to excitement.

This year marked a new style in music that swept the country. This style was represented by such artists as Tears For Fears, Wham, Til Tuesday and Howard Jones. Their videos were shown on MTV and became increasingly popular with teens. This growth in popularity was probably due to their "new" look and appealing style of music.

Also making it to the top this year were solo artists such as Bruce Springsteen, Bryan Adams, Sting and Whitney Houston. Bruce Springsteen played to sold out concerts across the country. Meanwhile, Sting proved that he could make it without The Police. Also on his own was David Lee Roth, who split with Van Halen in late August. These were just a few of the trend setters striving for the future.

Harbour Island: Part of a Growing Society

This year, Harbour Island became part of the expanding downtown Tampa area. Along with Harbour Island came many new and different restaurants, novelty shops, and the luxurious Harbour Island Hotel. First of all, the restaurants range from spicy European cuisine to extravagant Oriental dishes. The various restaurants help provide a better understanding of other peoples eating habits within their culture. Next, the novelty shops offer many new and exotic fashions. These novelty shops offer souvenirs for people of all tastes, looks, and styles. Last but not least, the lavish Harbour Island Hotel; it offers a quick and lush escape for those who can afford it. The Hotels grand ballroom and beautiful suites make it one of the most glamorous hotels in all of Tampa. All in all, a special treat awaits all who partake of the Harbour Island experience.

Each day at Hillsborough High School can be very different from the next if one knows where to look. Even some everyday occurrences such as walking out to catch a bus home, or even eating lunch in the courtyard can be a lot of fun. The students of the Big Red are always looking for something new to do. Everyone wants to stand out in a crowd, and they do just by being themselves. A Terrier has something special about him and that is the quality that makes others take notice. However, the students are not all that make Hillsborough one of the finest schools. The Big Red is a classic that has no equal. One can see something great on the campus wherever he looks. It's all in the eye of the beholder.

A High Towering Society

Tampa society is so overwhelmed by the style and atmosphere that downtown Tampa has established, that its members would defend its name until the end. However, it hasn't always been this way; for many years downtown Tampa was forgotten by all of its people. Now, however, downtown Tampa has come to life. Thanks to Harbour Island, the city's day and night life has come to life. Tampa's society is very proud of the high-rises in downtown Tampa. Each unique building takes its part in forming the beautiful skyline. The people of Tampa are very proud of its downtown now, and are thankful to be living in such a high-towering society. From paisley to blue jeans, swatches to rhinestones, and stirrups to t-shirts, all kinds of styles are found in the halls of Hillsborough High School. Punkers, rockers, new wavers, and yuppies exist in one building together. Students find that one of the best ways to express themselves is through the art of fashion. They shop everywhere and anywhere for their clothes. Thrift shops such as Goodwill are popular spots where the trendiest clothes can be bought at an extremely low price. Wherever they shop, their clothes express their individuality and make The Big Red a more colorful place.

The Road to Success

Some students begin preparing for college while just entering high school. At this point in time they may gain college favorites through friends and family as well as sports or a variety of sources presented to them. The ambitious student begins narrowing down their choices by their junior year, and working for acceptance by their senior year. Whether ambitious or not, a student planning to attend college must meet demands placed on them by teachers, and their own will to succeed.

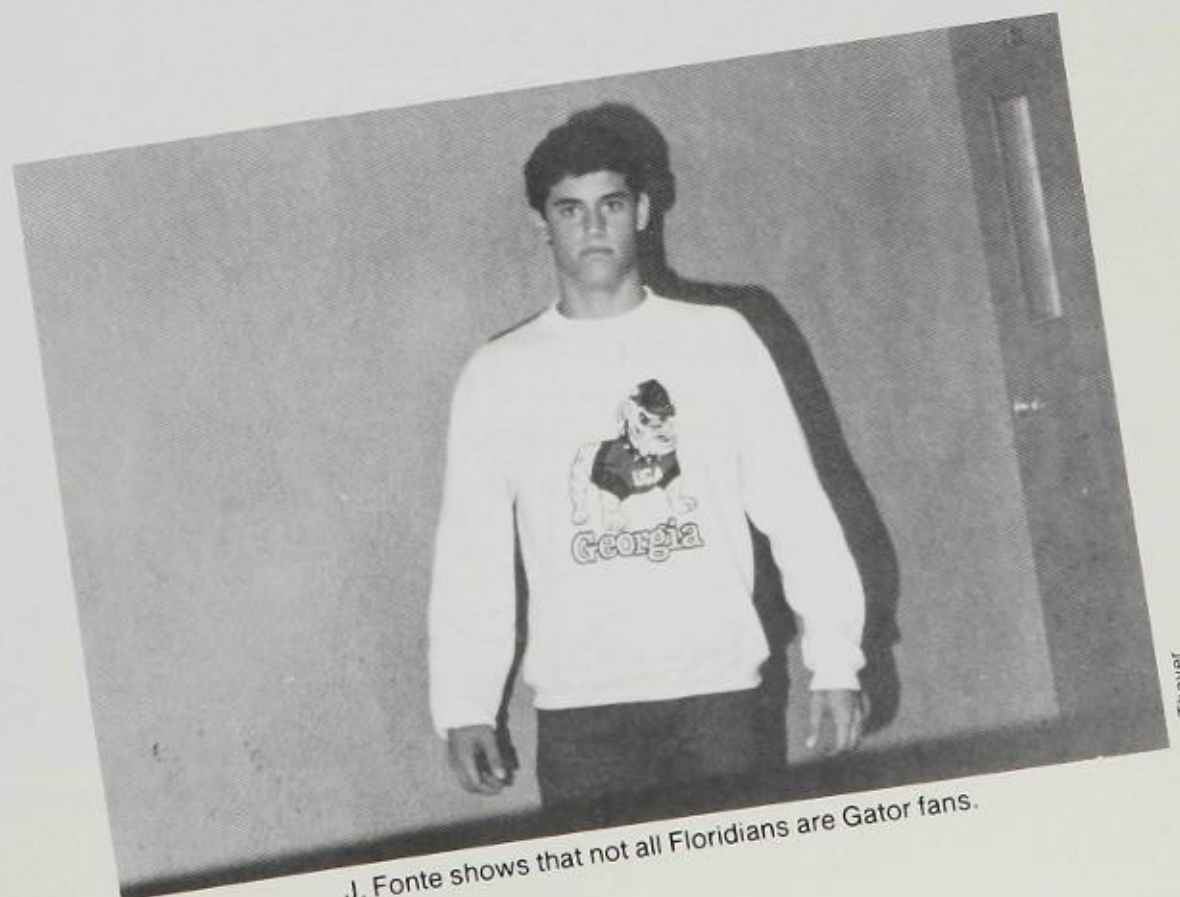

Considering his college choice is a serious matter to S. Gordillo.

There comes a time in every Terrier's life when he has to suffer a little embarrassment. These little trying times are now affectionately known as Bloopers. When you run smack into a wall, drop all your books, or walk into the wrong restroom and your face turns the shade of a ripe tomato, that's o.k. you will forever be a Terrier . . . a fumbling Terrier, maybe, but still a Terrier.

Florida Spirit Stays Strong

The Buccaneers, the Gators, the Seminoles, the Dolphins — these were the teams that we called our own. These were the teams that, at different levels, went to the limit to honor our state of Florida. Though they all went through very intense

seasons, they all managed to make Florida a proud state. And this proud state had its own way of showing its pride. Whether it was through colorful outfits or trinkets, Florida showed its pride in its team. (Photos by Monica Bermudez)

Working

Busch Gardens supports many Terriers such as Avelino Vide.

The pursuit of clothes, cars and cash forces some Terriers to enter the working world. It is becoming more and more common for high school students to start working to earn a little extra money to support their lifestyles. The need for extra cash comes very easily for a high school student with a car or a sweetheart. Having a job helps ends meet and future endeavors, such as college, come true.

Hillsborough's Pride.

Hillsborough is known as a school of pride. And the most important thing that keeps this pride going is the achievements of our students.

We began the year by finding out that one of our students, Komeh Hosford, achieved a \$50,000 modelling contract. Then as the year progressed we had many more achievers. Three members of our football team reached All Conference First Team and two more of our own Terriers achieved 2nd Team.

During the taking of the PSAT, Jennifer DeYoung became a National Merit Scholar when she achieved a 99% (percentile) on her score. Anhuv Nguyen won a District Math Competition and Wayne Chessser was the Science Pride Winner which he

Having been Principal for 15 years, Mr. Collins departed with many achievements

achieved by acquiring an impressively high score on a test which included everything from Biology to Chemistry. The Band achieved Superior in District Competition, the first time in nine years. And the Drama Department had several Superior wins in District, one of which was won by Dana Davis for a Superior monologue. Oswaldo Plasencia got his prize-winning photograph accepted in the Florida State Fair.

The most worthwhile, perhaps of all competitions was the BRAIN BOWL. The winners of this, which were our very own Terriers, received full scholarships to the college of their choice and gave Hillsborough just one more reason to be proud.

Even though it was a disappointing game, the fans still showed their support with screams of excitement and praise. Cheerleaders and dancettes tantalized the crowd with their cheers and acrobatics. The excitement filled the air of a packed auditorium. It grew even stronger as the lights dimmed and eight bodies in small bikinis overwhelmed the stage as the first competing act in THE BEAT, the 2nd annual lip-sync, slide show presentation sponsored by the yearbook began. With the help of L.A.M.P. Productions and the overwhelming talent of Mr. Schuldenfrei as

master of ceremonies, the night event was a great success. Groups from Klymaxx to Motley Crue overwhelmed the stage giving it their all in their efforts to win. The winners of this year's contest were the Scorpions coming in first with "No One Like You," Madonna in second with the dance mix of "Dress You Up" and Animotion snagging third with "Obsession."

A Big Change in the Big Red

Playing football, Mr. Holland displays his love of sports.

Fishing in Key West, Mr. Collins caught one this big.

This year saw many changes at Hillsborough High School. One of which was a new chief administrator.

After fifteen years as principal, Mr. Collins decided to retire and take time out to enjoy his hobbies of fishing and hunting. He also hoped to travel to Europe, Acapulco, and Australia. "If my wife has her way, we'll travel all over the world," he added. He has enjoyed the students at Hillsborough and was very pleased and proud of the advancements in test results and overall attitude of the student body since school integration and the racial incidents of 1970-71. He was also very impressed with the football team and thinks Big Red sports will once again be superior to all schools. "I hate to leave Hillsborough," commented Mr. Collins, "I'll never forget Hillsborough High School. Students at Hillsborough are fortunate to be here. Hillsborough has the best traditions and more pride than any other school." He asked the students to "keep Hillsborough going upward."

When Mr. Collins announced his plans to retire, it was up to the school board to choose someone who could fulfill the duties of chief administrator. Although the choices were many, they finally decided on Hillsborough High School's own assistant principal, Mr. Chuck Holland.

After Mr. Collins left, Mr. Holland stepped into position as principal. He admitted he had some pretty big shoes to fill but he said he will try his best to maintain the school's caliber and perhaps even improve it. To improve the school, he plans to talk to students and faculty for suggestions. He also intends to be present in classrooms several times a day and keep very much in touch with students. On the issue of whether South Campus might be lost, he said anything can happen. "I have a feeling we won't lose it," but "whatever we have to do, we'll do it and make it work," assured Mr. Holland. He also said that policies for student activities will remain the same. With a smile on his face he said, "I love this place."

At home, Mr. Holland enjoys spending time with his son.

101 Years of Hardwork

These danceterettes show just some of their best moves.

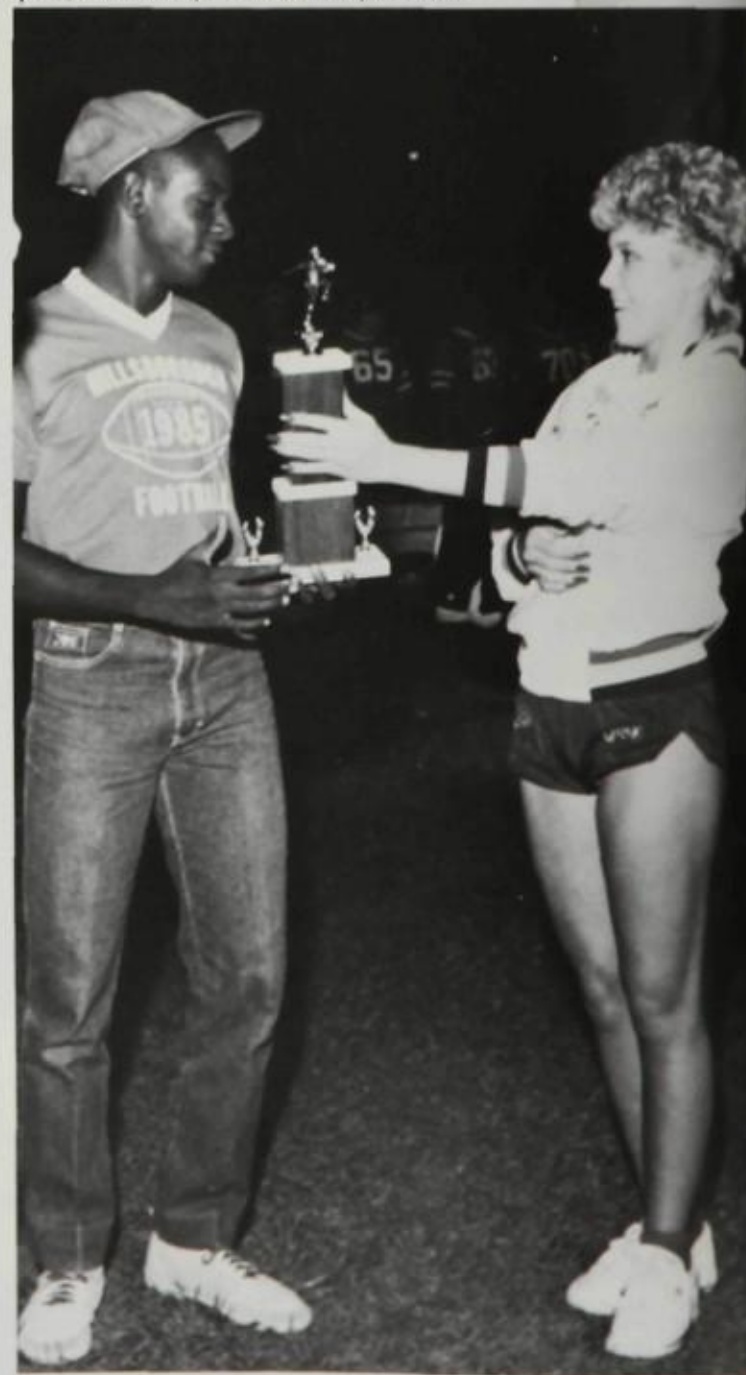

This year's Terrier Bark was coordinated and sponsored by J. Brillhart and T. Duncan. Varsity and Junior Varsity cheerleaders performed rousing cheers and dynamic dance steps. The Danceterettes moved and grooved to the beat. First place for the club skits was won by HOSA for their skit, "101 Years of Hard Work." Tampa Bay Buccaneers Theo Bell gave the pep talk, stressing the importance of school spirit at all times, as well as the upcoming homecoming. The evening was a great success. This definitely was a night to remember for dedicated and true Terriers. The supporters of the school were primed for the big homecoming night!

Stars of Tomorrow

Hillsborough High School is privileged to have the only Musical Theatre class in Hillsborough County. The class itself is mainly based on the history of theatre. The dances this class performs pertain mainly to modern and jazz music. Each dancer wears clothes appropriate and in harmony with the style of the music he is performing. Dance is often considered a feminine activity. However, this is very misleading. Musical Theatre is centered around the performance of both male and female dancers. According to Mrs. Travis, the Musical Theatre teacher, this class may not be very popular this year, but it is certain to be a big smash in this county in years to come.

Dancing for Musical Theatre takes rhythm, coordination and an ear for the music.

Spirit Week is one of the most important traditions upheld by Hillsborough High School. This week gave students, as well as teachers, a chance to let the spirit for their school come alive. Each day required a different dress code. On Twin Day best friends are known for dressing alike. Students display their best outfits on Dress Up Day. Nerd Day is easily recognized when students wear out-dated clothes and black-rimmed glasses with nothing but tape holding them together. Red and Black Day allows students to show their pride in their school colors. Memories of Spirit Week will live on as the tradition is upheld.

Cheers! The Holidays Are Here

An air of excitement filled the halls as a holiday season approached. Whether it was Halloween, Christmas or Easter, students always found a way to share in the season's spirit. On Halloween, some students roamed around the school dressed as their favorite ghoul, while others simply wore little pins of black and orange.

At Christmas time, bright shades of red and green were seen everywhere. The bell tower chimed Christmas carols and helped to set the mood. Student Government decorated the Christmas tree by the trophy case for the rest of the school's enjoyment. Various homerooms got in to the act by adorning their doors with familiar holiday sights.

Along with all the glitter came the spirit of giving. Many students contributed cans to the canned food drive, while organizations like the S-Club entertained the older generation at John Knox Village.

Even though some students feel relieved to have the holiday season finally over, they are still anxiously anticipating the next.

A DAY IN THE LIFE OF A STUDENT

The sounds awaking a student explode from an alarm clock. Wiping the sleep from his eyes, he anticipates the assignments due and the day ahead. Then he quickly prepares for his busy day.

Upon arriving at school, he notices students leaving the buses and scurrying about before the beautiful classical-ly English high school. As he enters the

massive structure, his fellow pupils bound up the stairs to make it to class before the tardy bell rings, and he is fast behind them.

During the first three hours, he anxiously awaits lunch. During lunch, he visits with his friends and discusses familiar topics. Afterward, there are only four more hours — then home!

Riding a bus is a part of many students' lives.

This student enjoys lunchtime the most.

Sensational Sounds

The music starts, the introduction is made, and then out comes the 18th edition of Hillsborough High's Sound System. Every year there is an enormous effort put toward getting this group together. First, there is the process of picking the right people, then they have to learn the music, and then finally they make up dances to go with their sound. After all these things are prepared, Sound System's ready for shows. Their first performance was at Centennial Celebration, the school's 100th year anniversary celebration — and it was a smash!

It was a historic event on November 2, 1985 as the alumni of Hillsborough High School gathered together to end a full year of centennial celebrations. Former students from every generation attended the festivities, from as far back as the class of 1912 to as recent as the class of 1985. Mr. Perrella, a member of the faculty and himself a graduate of H.H.S., was the overseer of the entire operation. He and numerous associates, both students and teachers, had been planning the massive event for months. Co-Chairman A. D. "Tony" Caminiti and Nick DiSalvo were also indispensable in helping out with arranging the gala affair. The alumni met from 12:00 pm to 6:00 pm with such entertainment as Sound System and performances by the Dancerettes, Flagerettes, Jazz Band, R.O.T.C., and Cheerleaders. There were also displays in the main hallway where memorabilia were sold. All in all the event was a total success and H.H.S. had a 100-Years event that ended appropriately.

The Way

1985 will long be remembered as "the year of giving" but it will also be remembered as a year of terrific loss. It was the worst year in aviation history; more than 2,000 people were killed in accidents including 520 people aboard one 747 that crashed into a Japanese mountain and 329 on another 747 that went down in the Atlantic. But by far, the worst American air disaster came when a chartered Arrow Air DC-8 crashed Dec. 12 on take-off from Gander, Newfoundland. On board were members of the 101st Airborne Division and eight crew members who were homeward bound for Fort Campbell, Kentucky for the Christmas holidays.

It was a year laced with disasters, one befalling another; floods, earthquakes and hurricanes killed 11,609 in Bangladesh. September brought a catastrophic earthquake that claimed the lives of 7,000 or more in Mexico City. As a result of Chinese floods 400 died; 268 were killed when a dam burst in Italy; and 186 were buried alive and hundreds more disappeared in a mudslide in Puerto Rico. Then, an erupting volcano caused a mudslide in Colombia that caused much suffering and claimed more than 25,000 lives.

The miscalculations of a mayor led to the destruction of 61 homes in Philadelphia in an incendiary attack by police on MOVE followers; 11 were killed.

Africa was on the minds of many in 1985. In a valiant effort, singer Bob Geldof arranged Live-Aid, a 16 hour non-stop round-the-world concert for the purpose of feeding starving Ethiopians. Over ninety million dollars was raised, and famine was eased. Nevertheless, South Africa spent three billion dollars during the year to enforce its institutionalized system of separation of races, apartheid. Discontented blacks and uncompromising police made it a most violent year, in which some 9,000 demonstrators were arrested and over 1,000 were killed.

One of the top stories of 1985 was the wave of terrorism that swept through the Middle East. In June, Shiite muslims hijacked TWA flight 847 holding 39 people hostage. In October, terrorists hijacked the Italian Liner Achille Lauro giving America a unique second chance to strike back. Although the hijackers murdered one American, and made a deal with Egypt to be turned over to the Palestine Liberation Organization, U.S. jets forced the hijackers' plane down in Italy.

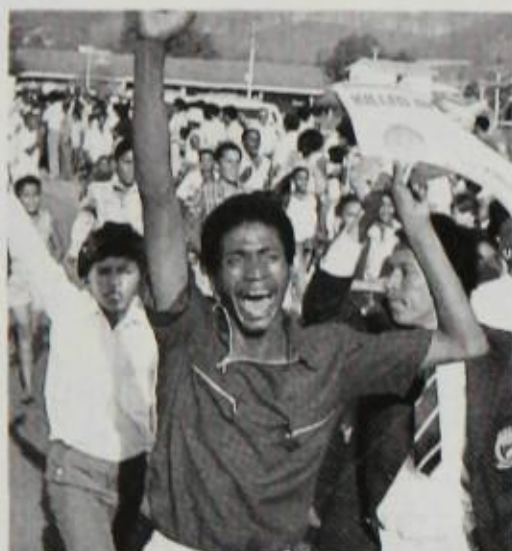

Egypt was much tougher in November when an Egypt-Air jet was hijacked. After the hijackers shot four passengers, killing two, Egyptian commandos stormed the plane. But the cost was heavy, 58 people died in the row.

President Ronald Reagan was inaugurated for a second term in January; and for the first time since he took office, the Kremlin had a vigorous leader, one who looked less susceptible to colds than his three aged predecessors. Mikhail S. Gorbachev showed unique vigor, wit and flair for public relations. America was pleasantly surprised to see his wife not dressed like a sack of potatoes, but instead dressed comparable to their own first lady.

Reagan meanwhile, faced a stay at the hospital for removal of a cancerous cyst perched on the end of his nose, and later for colon cancer.

December saw both leaders in Geneva for a summit meeting. Although both met for more than 15 hours, the summit produced few concrete results. In six private sessions that lasted five hours each, the two leaders set their own agenda in a freewheeling personal encounter. The result, Reagan reported, was that "we understand each other better."

Epidemics ran rampant among both the medical and political fields. Eleven Americans were arrested for spying. The John Walker case involved four former Navy members and four Americans — a navy counterterrorism expert and his wife, a retired CIA translator and a former National Security Agency communications expert. They were arrested in cases

It was

involving alleged spying for Israel, China, and the Soviet Union.

In the medical field a tragic new disease, AIDS, surfaced. Over 14,000 became victims including the famous Rock Hudson. His death illustrated the insidious powers of the disease that frightened ordinary Americans and electrified the medical community. Once more tragedy was answered by song, this one by Dionne Warwick, who donated all royalties from her hit "That's What Friends Are For" to the fund to fight AIDS.

On the entertainment side of the year there was a major resurgence of Americanism in movies. This was due in part to Sylvester Stallone with his hits *Rambo* and *Rocky 4*. Bruce Springsteen was a contributor to this and soared to the heights of popularity with his hit "Born in the USA." Hugh Hefner hired 25 male "rabbits" to augment his bunny force at the Playboy Empire. And all of Washington was on air when the Prince and Princess of Wales made their first trip to the colonies.

In sports, Pete Rose broke Ty Cobb's career hit record with 4,192 hits. Kansas City beat out St. Louis for the World Series title, and the Chicago Bears recorded a track entitled "Superbowl Shuffle," which is precisely what they did.

At Tampa one of the events to be quickly recollected is that of the hurricane, in particular Elena. Although she did not directly hit the west coast she skipped along the Gulf leaving a trail of ruin in her wake. Beach residents were forced to leave their homes and take refuge in shelters, one of which was Hillsborough High School, where a child was born among the chaos. The damage from Elena was harsh; homes and seawalls were demolished. The damage estimate reached the million dollar mark as well as driving away potential tourists.

Meanwhile Mayor Bob Martinez declared his running for the governorship of Florida. This spawned opposers to initiate another campaign, entitled "Anyone But Martinez."

A major motion picture was filmed on location in St. Petersburg. Directed by Ron Howard, *Cocoon* was one of the best pictures of the year. It dealt primarily with senior citizens and their youth long past; a story of hope.

Hope was all that the Buccaneer fans had once again, as their courageous team entered the field. The Bucs had a better season in 85-86 by winning one more game than last year, a total of two victories under new coach Leman Bennett.

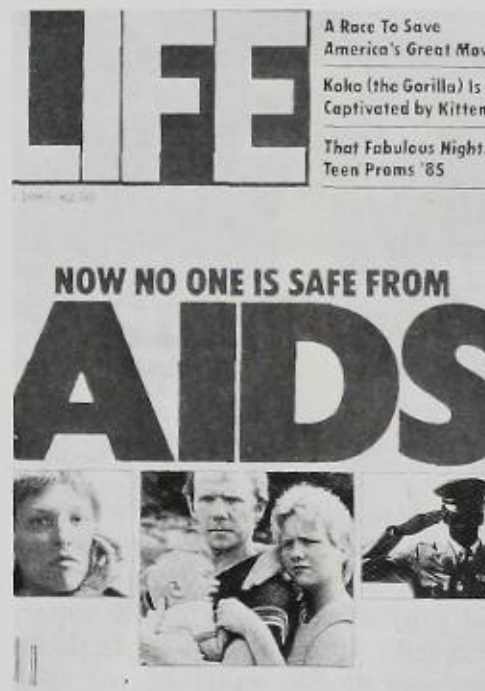

Centennials abounded in 1985 including Hillsborough High School's. It was held November 2, 1985 with alumni dating as far back as 1912 in attendance. Other centennials included the Chamber of Commerce, Plant City, and Ybor City.

By far, one of the worse tragedies that confronted Americans was the loss of seven astronauts in a spectacular explosion of the space shuttle Challenger.

The fireball that many will never forget occurred just moments after take-off. It happened so swiftly it left mission specialists searching the skies, hoping it would appear above the cloud of smoke, but to no avail. After 74 seconds of flight, ten miles up in the clear, blue, Florida sky; traveling at a speed of two thousand miles an hour, the space shuttle burst into flames. A voice crackled over the NASA loudspeaker, "Obviously, a major malfunction." It may be years before anything definite is known about why the shuttle exploded; theories include the freezing temperatures on the morning of take-off and a tear in one of the solid rocket boosters.

Americans were unprepared for such a shocking disaster. People with heavy hearts loomed over television sets as they watched Mike Wallace with tearful, swollen eyes explain what had happened.

On board the space shuttle were six astronauts and one private citizen. Christa McAuliffe had been selected out of thousands to be the first teacher in space. There she was to deliver a lesson about space to her students, but it was not to be. The children she was to teach received a lesson about life, death and taking risks as they watched their teacher go up in smoke. It took 45 minutes for all the debris to fall to the ocean... Oddly, the mission clocks kept counting the minutes of the aborted Challenger mission.

The star-studded list of names included David Bowie, Ozzy Osborne, and Madonna.

Mick Jagger made a special video for Live-Aid.

Mick and Tina gave a spectacular performance, warming everyone in the audience, when Tina lost her skirt.

This was just a marvelous year for Billy Crystal with his hit 'Marvelous.' It was also a year of constant change, including the mammoth change in that of Coke.

Coke had grown to be a tradition withstanding the test of time and a long list of competitors, but all things must come to an end and the makers of Coke decided to change the formula. Coke drinkers everywhere were outraged. Finally, sales dropped so sharply that Coca-Cola Classic was re-introduced.

The trends of 1985 included Rambo mania and Hulkamania, but the most popular was a series called Miami Vice. It spawned not only a new awareness of drugs and two new hunks, but a fresh style of dressing for men.

By far the largest event of 1985 was none other than Live-Aid. Organized by singer Bob Geldof, it was a sixteen-hour, non-stop, concert-with-a-cause dedicated to the Ethiopian famine victims. It raised more than ninety million dollars in their behalf. The concert included all the top names in music as well as reunions by bands such as the Who, Black Sabbath, and three quarters of Led Zepplin. Phil Collins made history by becoming the first man to perform live on two continents in the same day.

Although Live-Aid was reserved primarily to Philadelphia and London, other similar concerts were being played in places such as Germany, Yugoslavia, Belgium, Sweden, Australia, and yes, the U.S.S.R.

On a smaller scale came Farm-Aid, 'the concert for America.' It was a benefit to help aid the American farmer. This was a fourteen-hour non-stop concert that took place in Champaign, Ill., the heart of the nation's cornbelt. It was organized by singer Willie Nelson and was estimated to bring in \$500,000 dollars an hour.

This year marked one of the booming years in the stock market as well in the world of entertainment. Many trends set in 1985 would greatly effect future years. 1985 will definitely be engraved in history.

Outside the Classroom

Like many other times before, this school year started out with the expert leadership of our Principal Robert Collins. Although he left Hillsborough after the first semester, we knew that with his expert guidance, the new principal would be able to fit in perfectly with the great pride and tradition of the one hundred and first graduating class.

All the teachers, secretaries, bookkeepers, custodians, lunchroom staff, and other employed personnel of Hillsborough High School have been very dedicated and helpful this year and are appreciated more than they are probably ever told. They all have to be very dedicated people to work so hard for such little pay and benefits.

Working at Hillsborough is a pleasure for Ms. Andux

CATCH THAT FEVER

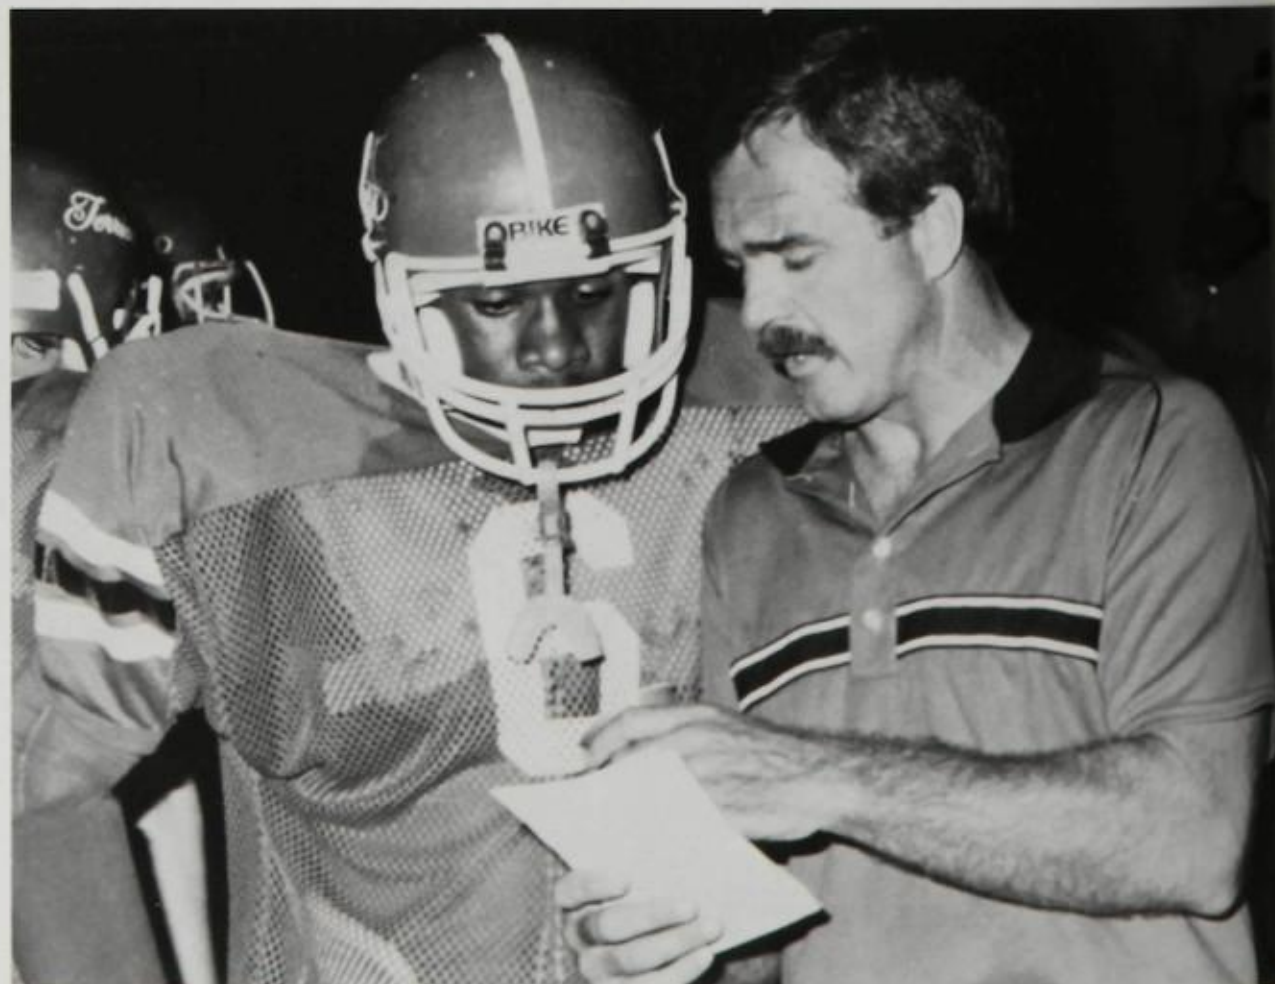

Much of the credit for the varsity football team's performance this year goes to the coaches — O'Brien, Hodgens, Anderson, Hadley, and Williams — whose guidance allowed the team to achieve its goal for a winning season. Many long hours of grueling practices finally paid off in hard-fought victories. The entire student body exhibited their support by showing their spirit and attending the games, whether win or lose. Although many players showed outstanding qualities, which will undoubtedly help them for their future athletic careers, it was an all-around team effort in every game that was played. Everyone at HHS should be proud of their team's accomplishments.

This player experiences the bite of the Terrior defense.

Breaking tackles comes natural to Darron Aldrich while trying to score.

Showing Wendell Ramirez new plays is Coach Hodgens' way of winning football games.

Bottom Row: C. Walker, W. Ramirez, J. Patton, L. Mungin, D. Aldrich, K. Young, A. Ashwood, M. Crum, J. Green. **2nd Row:** J. Quesnell, O. Grimsley, K. Bowling, A. Jenkins, D. Bell, S. Harris, S. Stidham, A. Jimenez, H. Bostick, L. Douglas, D. Miller, P. Smith, T. Batchelder, D. Footman, P. Livingston, J. Gennaro

This Terrier needs no help from Sharmon Harris in making this tackle.

In an effort to make a score, Cedric Walker prepares to hand the ball off to Antonio Johnson.

Before the football game starts, these Terriers like to show off their school spirit.

Getting ready for the game is the hard part for T. Batchelder, but playing comes easy.

The Terrier defense is accustomed to surrounding the opposing team.

TOUGH TERRIERS

A good offense usually evolves around teamwork, as shown by these players.

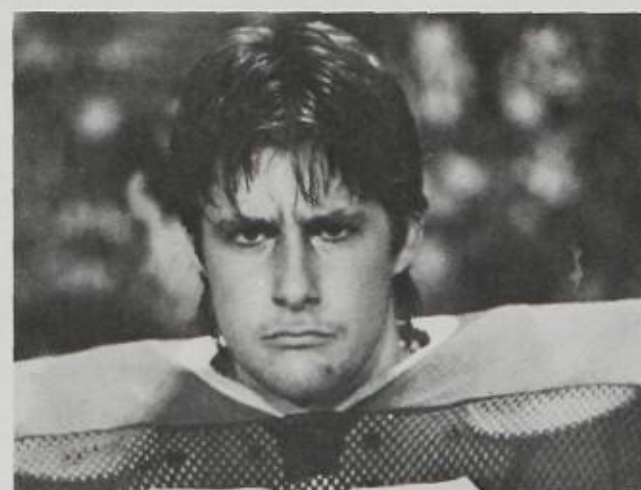

The offense was led by quarterback C. Walker and running backs D. Aldrich, A. Johnson, and A. Ashwood. But, of course, they could not function without the linemen who were A. Jimenez, P. Livingston, K. Brown, J. Quesnell, and T. Batchelder. The defense was led by linemen A. Jimenez, K. Keenan, P. Livingston, and J. Gennaro; linebackers S. Harris, M. Crum, and C. Rodriguez; and defensive backs C. Young, J. Patton, A. Jenkins, and W. Ramirez. Coach Hodgens had nothing but praise for the team: "The '85 team was fun to coach because they had a burning desire to win." The tradition of fielding nothing less than an excellent group of athletes was once again fulfilled this year.

The anticipation of getting into the football game is shown by Albert Jenkins and Jack Gennaro.

Looking eager to play is Kevin Brown, while on the sideline.

Mean but proud is what James Quesnell is trying to show the other team.

BOOSTING BIG RED SPIRIT

Everyone knows that being a high school student is difficult enough in itself without any more worries. However, the varsity cheerleaders somehow always find the time in their busy schedule to support their school and keep up their grades. Cheering for the Big Red is not an easy task and takes much practice and effort to do well. Ms. Duncan, the sponsor of both the JV and Varsity Cheerleaders, puts much of her time into seeing that her girls are in tip top form. It is important to have the drive and determination to lead a team to victory. With the help of Ms. Duncan and the spirit of the individuals on the squad, Hillsborough High School has many proud students and faculty who follow these young women in cheering for their school.

Football is more fun to watch with a good friend.

This year's J.V. Football team had a very exciting and productive season. As a result of hard work and superior coaching by Coach Reed, Coach Roberts, and Coach Strange, a 4-2 record was compiled. Examples of every day conditioning for the players after school consisted of extensive stretching, running, and scrimmaging. The most strenuous workouts were the scrimmaging and running. The scrimmage part included practicing various plays and hard-hitting. Next, came the running. This consisted of gassers (extensive wind-sprints) and many other difficult exercises. Even though it was a difficult season, it was well worth it. These hard practices prepared the Junior Varsity players for the Varsity Team next year.

J. Abrams gets caught in the wrong place at the wrong time.

Excellence Is Their Game

Whether butting a ball or chanting a cheer, the girls volleyball and Junior Varsity cheerleading team have a lot of which to be proud. Although the volleyball team practiced and played without a gym of their own for an entire season, they had an overall good record for the year. The Junior varsity girls cheerleading squad could always be seen displaying their talents and enthusiasm at the games. Their unyielding support for the football team encouraged it to have one of the best seasons in recent memory. They contributed to a spirit and stamina that just would not quit. They were the ones that led the cheer for the Big Red!

TAKE IT TO THE HOOP

B. Wilson takes it home for the Terriers.

Coach Long brings in the new game plan.

The 1986 boys' Varsity Basketball team had an exceptional year. This years boys team was comprised of very experienced players. Led by the forces of B. Wilson and R. Reese, the team carried on the Hillsborough winning tradition. Coaches L. Long and newcomer I. Williams both did superior jobs with this year's Varsity Basketball team. The team took on difficult challenges from our various arch rivals. They met these challenges head on and came out very successful. All of their games were hard fought and well played. All in all, the Varsity Basketball team contributed greatly to that Top Terrier Spirit.

The Terrier defense stops this shot.

Togetherness Means Team Work

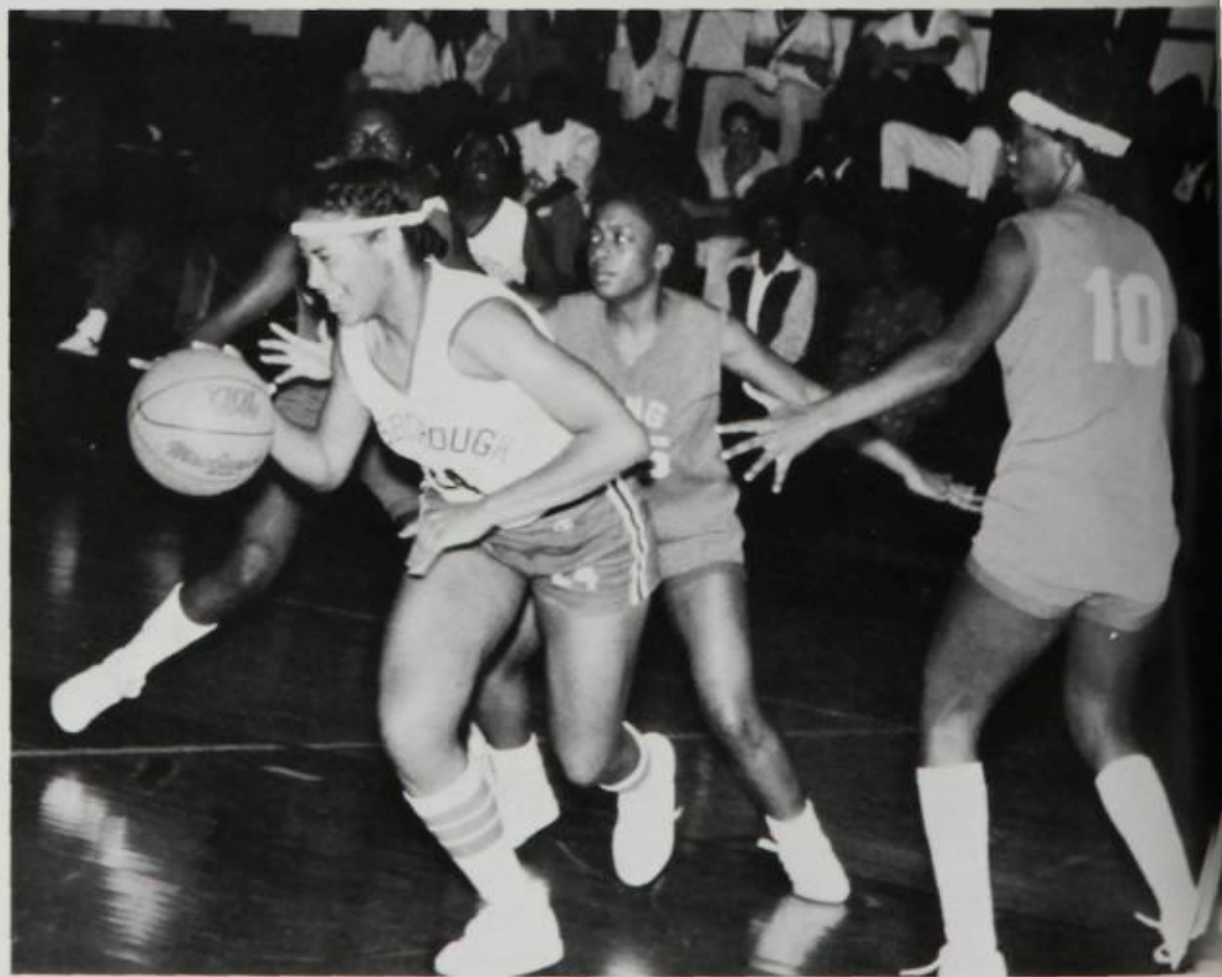

Basketball is their game, and the "Lady Terriers" are their name, and this is no secret, the 1985-1986 Varsity girls basketball team played an outstanding season. Led by the team captain, Robin Carter, the "Lady Terriers" were able to overcome their opponents in combat on the courts. The "Lady Terriers" played an exceptional game of basketball this season, which in turn made everyone proud of their accomplishments. Team work was a key aspect in winning games. It is known that a team is what wins a game not an individual. The team was coached by Ms. Gordon for the second year.

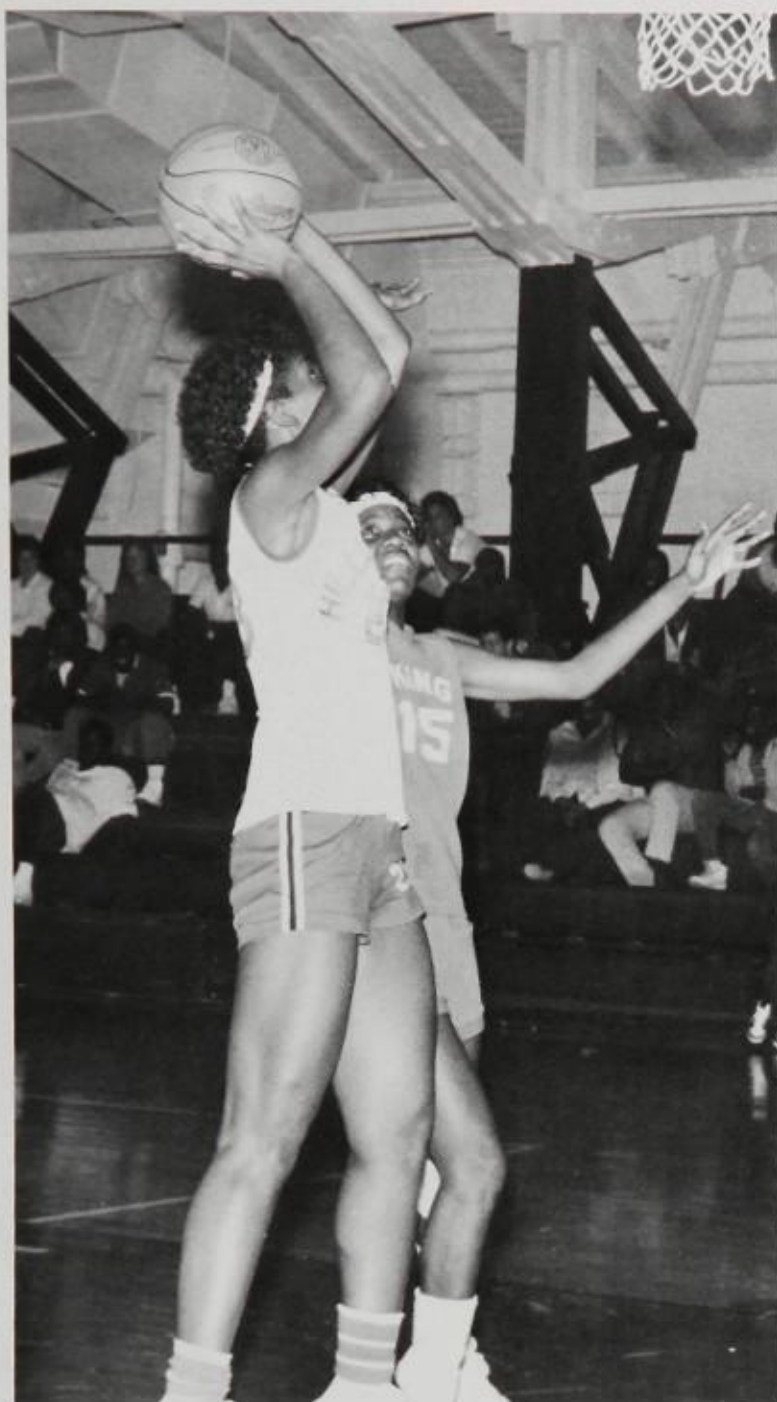

Coach Gordon reviews the night's carefully planned strategies.

This 1985-86 season has been a growing year for both the girl's and the boy's basketball teams. The boys have gone from victory to victory and have many talented players on the team. A few boys will be moved up to the varsity team this year and most of the rest will follow next year.

There is a new coach, Ms. Hallmark, for the girl's J.V. team this year. She was an intern at Hillsborough the first semester. "The eight girl team has had a slow start but they have been improving with every game," reports Ike Williams, the boys coach.

Both these teams have proven that their Terrier Pride will keep this school's spirit together for years to come.

Discipline Is the Name of The Game

"A leader is never popular": this was the theory upon which "Doc," the boys' 1985-86 soccer coach, based the discipline of his team. This meant that if they didn't show up at practice, then they didn't play in the next game. He realized that the players did not agree with his methods all of the time. However, in the end, it helped the team as a whole. His theory was proven true. They had a victorious season and ended it with a banquet bidding farewell to the seniors. Although the seniors left, Doc said that there were plenty of skilled sophomores waiting to take their place.

The most famous sport in the world has also reached America's high schools. Soccer has become one of the most popular activities for students because it is not limited to boys. The Lady Terriers soccer team has been developing from inexperienced, first year people into an enthusiastic group of aggressive players. With the guidance and understanding of Mr. Leo Perrella, Mr. Alan Zale, and Mr. Richard Rudes, the girls have become a well-balanced team. There were few experienced players on the team; however, the ladies, with much effort, have managed to maintain their reputation as being one of the toughest teams. The credit is due greatly to the tremendous efforts of the coaches and to the hard work of the ladies.

On The Ball

The Hillsborough High School 1986 Baseball Team was a team of high quality and outstanding sportsmanship. Sparked by third year seniors Chris Rodriguez, Marvin Lancaster, Chris Mitchell, and Gary Sheffield, the team was able to show its exceptional techniques and style. Over the years Hillsborough High School's Baseball Team has acquired a respectable reputation among local high school teams. The prediction of the 1986 team, was one to maintain this reputation, if the team worked hard and gave it their all. With the coaching staff of Billy Reed and Mike Wyatt and the hard working, energetic, eager to win team, Hillsborough High School's 1986 Baseball season was sure to be a good one!

The team's five returning players — Wendy Canady, Cherie Perez, Jackie Brasington, Rachel Arnold and Justin Bautista — provided leadership and support for the younger players. Sophomores Kellie Riggsbee and the Chesser twins supplied new talent for the Lady Terriers and were expected to be great additions to the team.

TERRIERS GRAPPLE FOR GLORY

The 1985-86 Hillsborough High School wrestlers are full of hustle and fight. Led by their captain, Casey Hallman, third year wrestler, the team was mainly made up of first year seniors, such as Mike Miller, Allen Woodard, and David Guterrez. Even though they were an inexperienced group, they competed at a superior level. Head coach, Mark Yost gave a good prediction for the year. "More than 50% of the team's matches will be won. The whole team has put in extra effort and are doing a lot more than anybody has expected of them," said Yost with obvious pride. Anytime the Hillsborough wrestlers stepped out on the mats, they came back a winner of sportsmanship, even if the outcome was not to their favor.

Two of the most enduring sports at Hillsborough are swimming and cross-country. Both sports entail constant practicing and excellent physical conditioning, such as swimming and running many miles each day. Many talented students are on the two teams, but the excellent coaching staffs really are what put everything into motion. In order to have a good team, the players must spend many hours working out. Hillsborough's cross country team puts in their best effort both in workouts and meets to prove themselves a winning team. The Big Red swim team also puts in the extra push to try and make themselves a top-notch team. Whenever a Terrier talks about Hillsborough High's cross country or swim teams, they talk with pride.

Getting Off the Starting Blocks

The coaches of both the boys' and girls' track teams approached this season with great expectations. The boys' coaches, Weiss and Williams, worked mainly with the jumps and distance running. Coaches Hadley and O'Brien helped to develop their members' skills in sprinting and field events. The interaction between coaches helped to bring a closeness among the athletes as well. Having several returning district champions from the previous season provided the newcomers people with a well-balanced mixture of coaching and experience. The ultimate goal of the track team and coaching staff was to compete well and peak late in the season, thus entering state competitions with confidence. After bringing so much honor to themselves and the school, they deserved the applause they received.

Both teams had skilled captains which lead the way to a successful season. The boys' captain was Glen Cowley, a second year player, and the girls' captain was Cheryl Carreira, a third year player for Hillsborough. The season consisted of daily practices and a rigorous schedule which included matches against Brandon and Chamberlain. They ended the year with a banquet and they bid farewell to three seniors. Although they lost these seniors they expect to have talented sophomores take their place.

Tee Time on the Green!

The girls' golf team practiced diligently this year to uphold the winning spirit. Every afternoon, they could be found at Roger's Park perfecting their skills until dark. With the careful guidance and coaching of Mr. Ware, the girls' golf team proved their worth. Before the season started, player Stacy Richert said, "Even though we only have two returning players, I think we'll do a good job."

The boy's golf team endured the stresses of competition quite well this year. Mondays, Wednesdays, and Fridays they were on the green driving and putting those golf balls. Coaches Mr. DePaula and Mr. George instructed the boys to a winning season. Player Scott Feazell said, "This is one of the best golf teams I've seen!"

Not many students at HHS know about the great prestige the school receives for its Reserve Officers Training Corps, otherwise known as ROTC. Self-discipline, leadership, and the ability to organize are the main accomplishments of the reserve officers. The cadets learned many different things, such as basic military life, firearm tactics, and battle tactics. This allowed the cadets the chance to gain valuable experience for their future careers in the military. Although most of the credit for a fine year goes to the commanders of this unit, many outstanding merits were awarded for fine student efforts. Many hard, long hours of practice paid off with perfection for this 50th ROTC squad.

GOLDEN ANNIVERSARY

This year marks the 50th anniversary for ROTC at HHS. When ROTC was first started back in 1936, the first squad probably had as much pride as that of this year's squad. Throughout the past fifty years, the memories of the past units have given spirit to the more recent groups of outstanding members. Sgt. Butcher, who has been teaching ROTC at HHS since 1968, had this to say about this year's squad, "It's a good cadet corps and I am very proud of them on their 50th year. I am also looking forward to high achievements." Sgt. Polovchena agreed and simply added, "Happy Anniversary." This year is special because ROTC is fifty years old and still going strong.

The Jazz Band plays everything from 40's Big Band sounds to current rock and top 40. Comprised of 25 of the school's most talented musicians, it frequently travels to area junior high schools to recruit new talent, and it gives advanced musicians a better opportunity to show their stuff, according to Director T. Hope. "I'm happy with this year's band," he said. "It's a good size, and it has lots of talent."

Lisha Vest patiently waits for her part.

This year the 1986 Big Red Band presented a look into the future with their elaborate portrait of "The Force." In the past the band showed a decline of spirit and enthusiasm. However, under the direction of Mr. Ted Hope and with the help of drum majors Kathy Putnam and Wanda Presely, this year proved to be a productive one. The band played songs from Star Wars, Empire Strikes Back, and Return of the Jedi. They also received high ratings in contest for their skillful performances. Much practice and dedication was needed to produce such a fantastic sound. The audiences were astonished by the vibrant music and danced to the enthralling beat. The Big Red Band also aided in promoting school spirit. Their hard work helped to make half time entertaining and boosted the spirit of the audience.

GET INTO THE GROOVE

Keeping a winning smile, and moving perfectly to the beat means a great deal to the Big Red Dancerettes. It takes many practices day and night to get every step right. To the dancerettes, being organized is what makes the team shine. Under the guidance of Ms. DeStefano and Head Dancerette Gloria Cooper, the Big Red dancerettes work together and show great skill in execution, every Friday night. The one thing that the dancerettes always remember is that they are that wave of excitement that stirs the Big Red on to glory. They are the excitement moving with the music and urging on the spirit of the school.

Performing every step is very important at all times.

These dancerettes take time out to show their winning smiles.

A WAVE OF RED AND BLACK

Lisa Chisholm and Sheila Harris enjoy performing during halftime.

Boosting the spirit of the Big Red football squad and fans is the job of the HHS Flagettes. And they are good at it. They dazzle the spectators with their flag twirling skills, and thrill the audience with their marching coordination. They practice long hours to perfect their routines. Under Tammy Steransky and Leigh Carey, their head and co-head respectively, they perform in many parades and compete in numerous contests. Faculty sponsor Ms. Sheila DeStefano was very proud of the performance by her 1985-86 Flagettes. It was a banner year and everyone at HHS should be very proud of their Flagettes' efforts to make this year special with their performances.

The Class of TRANSITION

Transition is a word which personifies the process of changing from one period to another. The graduating class of 1986 is the bridge between the first one hundred years and the beginning of a new century. Through hard work and creative endeavors, this class maintained our old traditions and added new ideas for those of us who will follow in the footsteps of education. We have learned to admire and understand our educating process. For in our own personal experiences in education, we will be educating not only our world, but the worlds of all people with whom we may come in contact with. We would like to thank our forefathers for giving us their experiences and allowing them to grow into our traditions of today.

THE TRADITION CONTINUES

In 1950 the sacred "H" was dedicated to Mr. Hamilton, assistant principal, for his service to the school. Pride dictates that the "H" may not be walked upon. Seniors respect this tradition and feel they have the obligation to protect the "H" from the disrespect of underclassmen. By tradition, sophomores are prone to honor the "H" with a kiss. This tradition although not always voluntary, will undoubtedly be carried on into the school's second century and many years to come.

The sophomores show their respect.

The symbol of "H" keeps the tradition alive.

THROUGH THE YEARS

For the graduating seniors the end of the year was a time of both joy and sorrow. They said good-bye to friends, teachers and the beloved Big Red. For them the past three years were spent making decisions, spending time with friends and getting an education. However, it was time to move on to better things. No longer would they wander the halls trying to get to class on time or struggle to finish a research paper the night before it was due. Instead, they were faced with the unforeseen tasks of the future.

Seniors will miss the spirit of the Big Red.

Memories of the past years are symbolized in the momentos.

THE WAY WE WERE

Memories are an important part of a person's life. Many people remember things by looking at picture albums, diaries, or even by talking to an old friend. But the majority of the people remember their high school days by thumbing through their yearbooks. The yearbook has pictures of friends, football games, Mr. and Mrs. Hilsborean, and many other occasions. Many seniors also look back to see what their old friends had to write, or to see who was going with whom. Therefore, memories are an important part of each and every person's life.

R. Wallace and K. Henriksen share memorable moments.

FINDING A DREAM DATE

It was a special night and it required a special person — someone who could turn it into an unforgettable memory. You had considered several acquaintances to spend an enchanted evening with. Finally, you knew who you wanted it to be. Of course! Why hadn't you thought of her earlier? When you asked her, she seemed pleased. Suddenly, you felt like you were moving through a special dream. Then you were together traveling toward that special night together, making memories for all time, or at least for a night.

With much sincerity, Chris Petruccelli asks Heather Longworth to the prom.

A SENIOR PRIORITY: THE SAT

Among the many priorities seniors have, taking the SAT is one of the most important. College is weighing heavily on the mind of every twelfth grader and everyone must make many important decisions. Before choosing a University, one must do well on his entrance exams. The SAT is a crucial test for which students spend much time preparing. Although tests are rarely enjoyable, studying for them can be fun if one puts his mind to it. Many students take the SAT more than once to try to improve their scores. Nothing is more gratifying than knowing that twelve years of schooling are successfully ended by scoring well on the SAT.

Studying for the SAT can be a lot of fun, especially with friends.

LEADING THE WAY

Leaders of tomorrow are here today. Seniors are preparing for the future by leading fellow classmates in school activities. There are a wide variety of leaders at Hillsborough High School, ranging from head cheerleader to team captain to Student Council president. Leadership positions require enthusiasm, authority, and a great deal of commitment and hard work. The determination of our leading seniors is helping them prove their potential. They are bringing pride and spirit to the Big Red. These seniors are leaving their mark on Hillsborough and will probably later leave their mark on our country.

Senior class president, Darlene Eabelo shows her pride.

During pep rally, Simone Pratt encourages the crowd.

SENIOR PRIDE — A TRADITION

Pride is a tradition upheld by the seniors each year. Showing pride includes some of the following: introducing the sophomores to the "H" on the patio by requiring them to kiss it, going to football games dressed in red and black, and cheering the iron-jawed terriers on to victory. Hillsborough High School students have always been known for having pride in their school and team and this year was no exception for the seniors, who helped lead the school from its first century into its new and second, century of existence.

Senior pride is shown in the faces of these friends.

MEMORY MAKERS

As senior year approaches minds turn to the ordering of class rings and the sending of graduation announcements. Class rings are special because they represent and remind us about our interests and hobbies from high school. Many students choose to put a sport, club, or hobby on their ring instead of the traditional design that is offered. Senior announcements are also very important in a senior's life. They are things that, even though they are fondly remembered, will pass; but your class ring will last forever.

Everlasting senior momentos.

DELAYING MEANS PAYING

Life indeed can result in difficult, frustrating times — especially for seniors. It's nice to experience being a senior, but paying for lost textbooks, overdue library books, and athletic equipment, for example, makes a senior wish the years had not come to an end so soon. It's a shame that with the last year being so expensive for a senior, he also has to pay his debts or he will keep from graduating. This is the time when there will be no more chances in stating, "I'll pay it later," because this is it.

Graduation is on the mind of K. Niblack as she looks at her debt list.

Free from debt worry, C. Williamson flashes a smile.

FUN IN THE SUN

The sun is shining and the birds are singing and best of all school is out. But what is there to do? Well, if you want that marvelous tan, and you enjoy fresh air and clear sparkling water, then Beach Week is the thing for you.

Beach Week starts the week after school comes to a close. Many students stay in beach resorts or rent hotel rooms to enjoy this fun-packed week. Many activities such as volleyball, surfing, and partying to the wee-hours of morning are carried on from one day to the next. Many seniors will never forget this week which was filled with fun, exciting, wild, and crazy days.

Relaxation goes along with Beach Week.

After a day in the sun, surfing dissolves the heat of the rays.

SENIORS ON WHEELS

Cars lead an important role in the life of a senior. For many seniors, the money to purchase these cars is acquired through long, hard summers of working in fast food restaurants.

Then that exciting day arrives. It is time to buy a car! Usually, it means trading in that old clunker for a brand new or maybe not so new car. Whatever it is, it's almost always a step upward. Yet, for some, the senior year brings forth that very first car. Whether it be old or new, thoughts of that car will bring back special memories for years to come.

These seniors are ready to cruise in this brand new sports car.

Seniors, Raquel Soto and Leslie Cimo think this car would make a great graduation present

WHERE'S THE PARTY?

The last year of high school for most seniors is a time to make a few good grades before entering college. However, for some it is a time to celebrate, and celebrate they did! The festivities began with the end-of-summer get-togethers and did not end until the post-graduation bash. During the senior year, parties were everywhere. Fridays were spent figuring out where to go and what to do. Mondays were spent recovering. There were all kinds of celebrations; pre-hurricane parties, post-football game parties, pre-grad night parties, post-prom parties, and yes, birthday parties, to name just a few. The School Board even allowed seniors out of school a week early so that academics would not interfere with their graduation plans.

Preparing for the big party K. Medulla fixes her hair.

After a long weekend of parties S. Hudson catches up on her sleep.

THE STRUGGLE FOR VICTORY

One of the all time sporting events for Hillsborough High School is when the seniors go to bat against the faculty and staff. This annual confrontation is the Senior-Faculty Softball Game, it is a rivalry that causes tremendous competition on and off the field. In the past devastating defeats have been inflicted upon the senior class team. During the last six years the teachers have triumphed over the students with endless victories. With hope and determination the seniors will attempt to conquer their opponent.

Students practice for the big game all year long.

GOING WHERE

Yesterday brings dreams of rain.
Tearlit, moonlit silver pain.
Youth's sweet years are flying fast.
Winds of love cry in the past.

Youth is fading — going where?
Going where the winds don't care.
Yesterday brings dreams of rain.
Tearlit, moonlit silver pain.

Youth is standing on the beach,
Laughing at me — out of reach.
Youth is fading — going where?
Going where the winds don't care.

Youth's now woman, standing proud.
Yesterday's a misty cloud.
Youth is fading — going where?
Going where the winds don't care.

Junior Leaders

The 1985-86 Junior Class Officers began their junior year with the right prospective. Under the leadership of their class president, Jackie Coffie, Vice President, Nikki Wolfe, Secretary, Melissa Clarke, and Treasurer, Michelle Daniels.

The activities that the Junior Class participated in were the Hilsborean Dance, Spirit Week, and the Centennial Reunion. They helped distribute flyers and helped to organize the events that were to take place during Spirit Week and the Hilsborean Dance. At the Centennial Reunion on Nov. 2, the junior class sold key chains as a fund raising project. Each of the class officers had his own special duties but the all put their ideas together in the end and worked together.

President, Jackie Coffie was in charge of their special projects and made sure that they were carried out properly. Vice President, Nikki Wolfe advised with the president on certain issues and took over when the president was absent. Secretary, Melissa Clark kept record of all of the officers ideas and the projects that they had been working on and Treasurer, Michelle Daniels kept record of the amount of money that they had in their account. With each officer performing their specific duties the junior class officers worked together as a team and accomplished their goals.

Among all the different activities that the junior class officers participated in they showed much school spirit and dedication.

JUNIOR LIFE

Caring for Each Other

Although the junior year of high school is full of good times, there are also worries. It is easy to feel down about grades, jobs, girlfriends, boyfriends, and the future. Having those who really care for you can help a lot. Even if they are "just friends" they are there for you when you are in need. These caring people are there for you throughout your high school years and the years to come.

Smiling faces are not an uncommon sight here at Hillsborough High School. Even though many people believe the 11th grade is the hardest year for students during their academic career, those Juniors keep their spirits up. That spirit can be seen in the faces of 11th graders throughout the hallways and corridors of the school. There are many reasons why they smile. It may be the excitement of knowing their school career is safely underway and that college is just around the corner or it may be simply because of the satisfaction of "acing" a test. Whatever the reason, those smiling faces keep Juniors on top of the rest.

Practice Makes Perfect

Throughout the years at Hillsborough High School, students who participated in the various sports programs had to practice. They practiced in order to perform to the best of their abilities and to reach their peak conditioning. Before they could start practicing they had to spend some time stretching out in order to prevent serious injuries. When the day of the game finally comes, the participants know that they have practiced to the best of their abilities and will use this knowledge that they have gained to win the game. It takes lots of practice and teamwork to be successful in winning a game.

Studying for the Future

Above: Shane Vaughn thinks studying for this class is a breeze.

Studying has become a routine part of a junior's course of education. The students are becoming more serious and attentive in class, due to their realization that very soon they will be approaching their senior year. Juniors are taking time out of their extracurricular activities to put more emphasis on school work, and meeting the new academic graduation requirements. The juniors of 1985 are ready and willing to take the necessary steps for an outstanding academic record.

Decorating

Whether it was decorating doorways for Christmas or camouflaging cars with toilet paper, everyone had the experience of it once. Lavishly embellishing their surroundings was one of the services of students who volunteered for the 'committee.' Displays included adorning the first floor with brightly painted 'beat' banners urging Hillsborough to victory. Others such as parties and banquets were elaborate concoctions of balloons and crepe paper to conceal bleak, monotonous environments.

Students love to camouflage teacher's cars!

Colorful banners liven the first floor.

Flirting

A subject that did not appear on the curriculum but was eagerly mastered by most of the students was flirting. One could see this popular pastime being practiced in the halls and in the classrooms. There were many different styles of execution but the actual goals were the same to find a date for Friday night. Something as little as a friendly hug or a wink could be considered as serious flirting. While some did it just to get what they wanted, others just did it for fun.

Anticipating

Expressions play a big part in the emotion, anticipation. Most of the expressions on one's face mainly depends on the upcoming events. For example, many of our Big Red football players sike themselves out before a game. By using facial expressions the player may also sike the other team members out. Many of our other students also use this method of anticipation, whether it is for a long bike ride, or even getting a little rest before a long day at school. Therefore, anticipation is mainly expressed by using many facial expressions.

During the course of the year many juniors look forward to their senior year. Attitudes change, clothes change, and people most definitely change. Juniors look at this period as the phase at which they become more respected and popular. Juniors are not only working for popularity in their senior year, they are working for grades that will give them that edge to go to college or to pursue a career of their choice. Many juniors feel that work is not always a bore if the outcome is worth working for.

Learning

Studying requires a great deal of time for the middle-class Terriers. One thing about the junior year, is that success this year really depends upon a positive attitude about education. During this part of high school, maturity and concentration play important parts in the advancement of juniors. At this time they take a new outlook. Education brings a new strict meaning among juniors about their future careers. These middle-class Terriers are constantly applying to colleges and universities for information. As is clear, the 11th grade year is a big preparation for the future.

Running Late

Above: Hey you, get to class on time.

Right: Mr. Perrella is still tardy no matter how innocent he looks.

Running late to class is habitual in any school and with two campuses, three floors, and heavy traffic in the hallways, it is not difficult to arrive after the tardy bell has sounded. Fortunately for a few, some teachers permit students coming from South Campus to be a little late to class. However, many students must condition themselves to do the 220 in four seconds flat in order to get to class on time. Of course, some students prefer to take their own sweet time about things and they also spend much time doing work in school suspension. No matter what the excuse, though a normal day at Hillsborough just wouldn't be normal without students running late to class.

Jumping for Joy

Jumping: an upward exertion of energy. This physical activity was observed around Hillsborough this past year. In science classes students learned the velocity and acceleration of jumping. However, students didn't keep it on a technical level. In fact, they used jumping in a variety of ways. Often one found them displaying their happiness over the football team by jumping in the stands. Or perhaps they were seen jumping while dancing and even participating in track. Jumping allowed students to release their extra energy before going to class. Thus jumping was an important aspect of the students' social and school activities.

Sophomore Leaders

The 1985-1986 Sophomores began their work the moment they were elected into office. Under the leadership of their class president, Carmen Turner, vice president, Asex Gonzalez, secretary, Melissa Bautista, and treasurer, Nelson DelValle.

For the sophomore class it has been an exceptional and productive year. Through endless hours of hard work and willingness to learn the sophomores have achieved an understanding of how a class should be run. Even through they were constantly being reminded that they were underclassmen, they displayed their unending pride and spirit by attending all school functions such as the football games, choral presentations and other school related activities. They also became involved in school clubs and sports. One of the main reasons the sophomore class felt they were a part of the school was due to

their class leaders. But typically "inferiority" played a major role in the sophomore's life. A tradition carried out by the seniors and juniors to show their superiority is to make the sophomores kiss the H.

The activities that the sophomore class officers participated in were the Hillsborean Dance, Spirit Week, and selling flowers for the dance. They helped during their lunch hour to sell Hillsborean tickets. Also, they helped distribute flyers on Spirit Week along with the other class officers. They aided in the organization of the events that were to take place during Spirit Week and at the dance.

Among all the different activities the Sophomore Class Officers participated in they showed much school spirit and dedication. With each other's teamwork and cooperation, the sophomore class accomplished great deeds to lead them into the next year.

Wishing

Wishing is what occupies a student's time when school work doesn't. Of course, there's the constant wish for good grades. But most students have more exotic preoccupations. If you're going to wish for something, why not wish for a new car? — something sporty and fast. Or why not wish for a trip to Europe over the Summer? Or why not wish for a new boyfriend or girlfriend; or at least, a new teacher? And if you were really only to receive three wishes, why not instant fame?

Gossiping

Above: These students discuss their plans for the weekend.

After finishing one's classwork or even before, there were very few interesting things to get involved in. Therefore, talking became one of the favorite past times that sophomores enjoyed. They could be found spreading the word on any subject ranging from fashion, to football, and new gossip about students and studies. Although talking in class isn't extremely popular with the teachers, that doesn't seem to stop the students. They can be caught talking the minute the teacher leaves the room, but when the teacher suddenly returns, the gossip comes to a screeching halt. Even though some teachers disapprove of their students talking, most of them seem not to care and keep right on talking about the latest news.

Cheering

The energetic sophomore class at Hillsborough High School is full of spirit and cheer. They give a lot of support to the BIG RED and are always on the go learning the qualifications of being a "Baby Terrier." Their interest in the high school really inspires everyone and shows they have enough pride to persevere through their three years. Their cheerfulness spreads across the entire sophomore class and grew until the whole school caught on. At almost every sports event there were enthusiastic sophomores cheering on the Big Red. Sophomores of this caliber are very hard to find, but at the Big Red you'll find them everywhere you look.

Dreaming

Dreaming, a part of everyone's life. Dreams often reveal a person's true characteristics and utmost fantasies. These characteristics shine through in one's dreams. For example, an honest person with a successful life often dreams of materialistic things in life. On the other hand, a person that is poverty stricken dreams of becoming an eccentric millionaire. People's dreams say so much about a person. Therefore, one should pay attention to their dreams so they can see what their inner-self is really like. All in all, dreams tell a lot about a person's personal and social life.

Pleading

Many people feel pleading or begging, as it is more commonly known, is rude. Yet, ask any sophomore and they will admit that it is sometimes necessary. To them, beggin is an extremely essential ingredient to survival at the high school level. They plead for everything from pieces of paper from a friend or fellow student, to passing grades from one of their hardest teachers, to dates with a senior. These little episodes can be viewed everyday in the hallway or in any sophomore class here at Hillsborough High School. Though considered disgusting by the average junior or senior, to Baby Terriers it is a way of life.

Being Yourself

Sophomores enjoy being themselves, especially when it comes to showing their school spirit. Even though they are looked down upon by the upperclassmen, their own ways seem to shine through the humility of being a sophomore. Many of our Juniors and Seniors have a lot of respect for our sophomores, because no matter how rough their school day gets they seem to always prevail by just being themselves. During the school day, the sophomores find time to enjoy the fun things in school, and forget about what lies ahead.

Misbehaving

Let's face it — being a sophomore is not easy. Newcomers Lack social status. One way of compensating for your lack of prestige is misbehaving. After a few days at their new school they begin to gain a reputation. This is done by cutting up in class and playing jokes. Even though their peers may find the misbehaving humorous, many teachers do not. Some ways of misbehaving are being tardy to class, writing on walls, chewing and eating during class, and wearing clothing that are against school board policy.

Being a winner takes more determination than expected, especially when you've come into a totally new surrounding. The class of 1987 has come right into Hillsborough and made itself at home. Not only this, the sophomore class has made an extra effort to promote school spirit, right along with the juniors and seniors. Even though the baby Terriers aren't given the recognition they deserve, they continue to promote that winning spirit that makes Hillsborough Number One!

Enjoying Life

Mostly all students at Hillsborough High School know how to enjoy life. The weekends are filled with parties laying out on the beach, or just spending it with friends. Although fun can always be found on the weekends there is also enjoyment around during the week. During Spirit Week people around school found laughs and a whole lot of enjoyable moments dressing up as "nerds" or "twins," but even if you weren't crazy enough to do that sort of thing there was also "dress up" day where you could show off your Sunday best! When it gets down to it fun and enjoyment can be found anywhere if you look hard enough.

CLUBS

Unlocking Spirit

This club is full of best friends like Wendell and Niffer.

The three muskateers, Darrell, Anthony, and Chris.

These members don't mind making spectacles of themselves!

Russell, Cynthia, and Kenny are picture perfect!

This year's Key Club proved to be the most active club at Hillsborough. In school and out of school projects were abounding, consistent, and varied.

To get the year off with an electrifying start, their club sweetheart, Angie Jones was elected as District sweetheart for Hillsborough county, defeating opponents from King and East Bay. Next they ran a rest stop for the Grape Nuts All American Bike Race in Tampa. Over five thousand bikers utilized the stop where they received Crystal Lite and bananas. Other projects for the year included a Halloween banquet for the teachers, toys for needy children at Christmas, as well as an aluminum drive for the Humane Society, and held fund raisers and contests just to name a few. They also initiated a new club, S.A.D.D., (students against drunk driving).

The club swelled in number as interest grew. The president, Tammy Gardner had her hands full but kept new ideas and spirit flowing.

This was a very active club that never seemed to slow down. Each member worked hard to make it number one. Congratulations Key Club!

Rick Wallace, Sgt. at Arms and Tammy Gardner, Pres. have a hard time keeping this club in line.

Many clubs at Hillsborough High are well spoken about, but Z-Club is exceptionally so. They are a club of highly respected students, known for their stupendous works for others. These energetic students put forth a lot of effort in everything they do. Recognition should go to the sponsor Mr. Suarez, for his excellent works with the club. He spends much time with a lot of the club's members organizing plans, activities, and projects for the club to embark on. The Z-Club has always been an admirable club, but the 85-86 Z-Club is one that will always be remembered!

With the strong support of Mr. Sam Spearman, sponsor, and the encouraging leadership of President Benettye Griffin, Jamaa Society's 1985-86 year was most rewarding. The name "Jamaa" is the Swahili term for brotherhood, and the members indeed represented this, giving up a majority of their weekends and school holidays to participate to the best of their ability on many community projects. One of the most highly recognized activities that made the Jamaa Society's 45 members extremely proud was winning first place in the Brain Bowl, which was sponsored by Hillsborough County Center of Excellence. This accomplishment exemplified the fact that Jamaa performs exceptionally well not only in school, but away from school as well. Clearly, the members of the club dedicated themselves to making this year the best year that Jamaa has ever had.

Anchors Away

Anchors is a service club that got involved in many projects this past year. For example, they sold spirit ribbons, provided food for a poor family at Thanksgiving, went caroling for the Christmas Holidays, and sold shamrocks for Saint Patrick's Day. With Darlene Fabelo as president, Anchors were never at loss for ideas and projects. Mrs. Haines, the sponsor, is very enthusiastic about her club. This has long been an active club at Hillsborough and will certainly continue to be, long into the future.

Riding the Crest

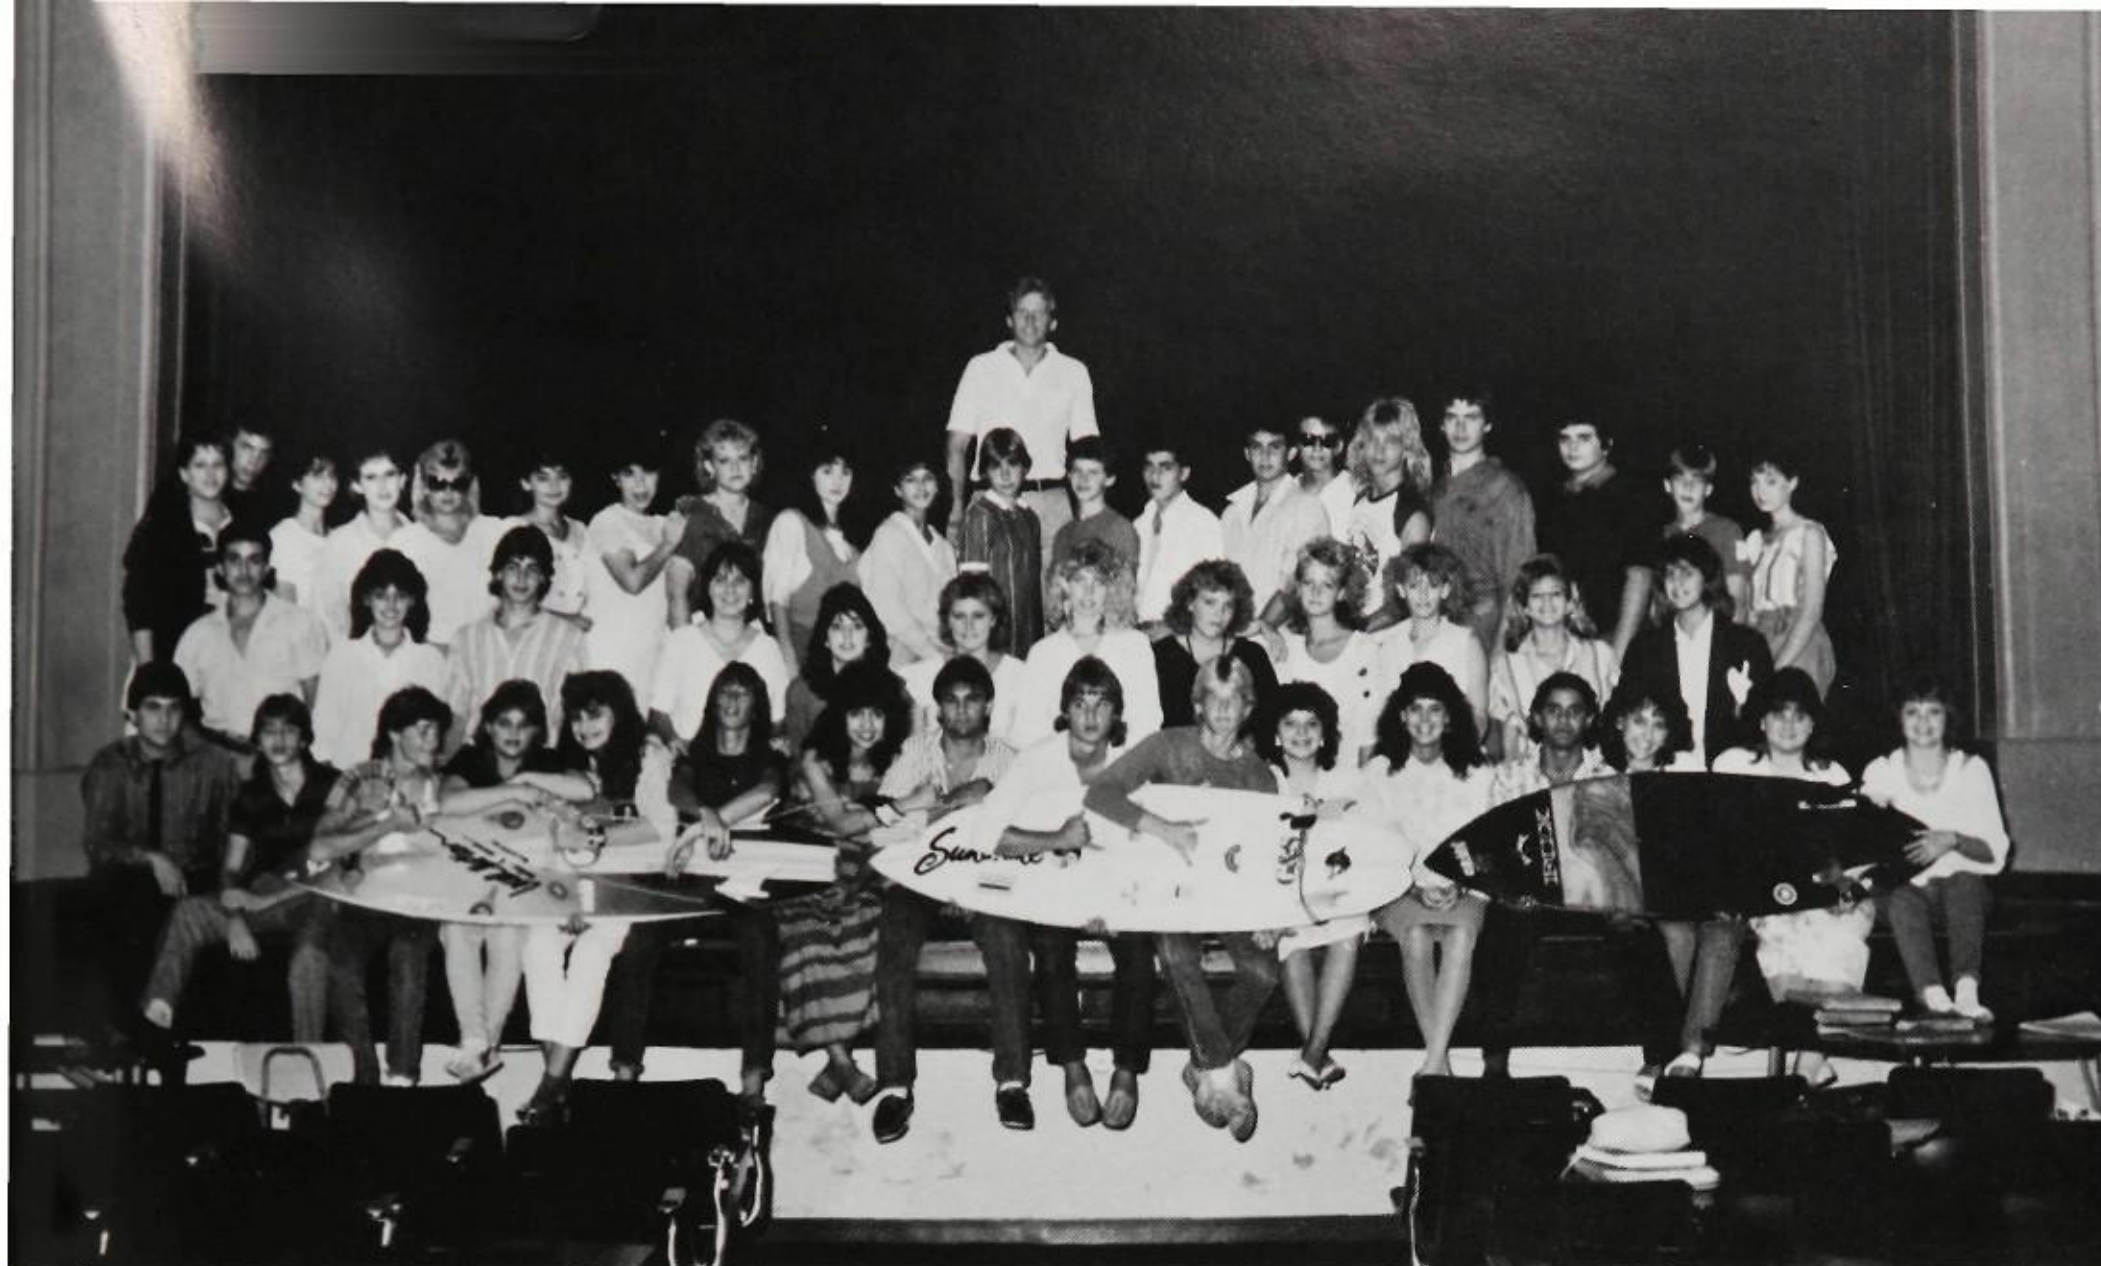

Two up and coming clubs are Student Government and Surf club. Student Government and sponsor, Miss Merrill, have made this a successful year for Hillsborough. They organized the Mister and Miss Hillsborean candidate voting and the Hillsborean homecoming dance this year. Surf club, and sponsor Mr. Heverly, has gathered students with a desire to surf and skimboard together and scheduled trips to the coast for some fun in the surf. These two clubs have both had a fun and successful year.

Optimiss is Looking Ahead

Optimiss is a very energetic and outgoing club. It is the second year that sponsor, Mrs. Robinson has led the club through a dynamic year. This year Optimiss did many activities to benefit others such as visiting abused and neglected children of the Health and Rehabilitative Services, holding a luncheon for the Veteran Administration, and participating in a fashion show for the faculty. Optimiss is truly dedicated and devoted to a positive spirit and outlook on all things. The officers for this year are: Melissa Spivey, President, Eileen Watton — Vice-President, Karen Painter — secretary, Tonya Aikens — Treasurer and Cammie Pearson — Jr. Advisor.

The people in hospitals and foster homes are certainly appreciative of what Interact has shared with them.

If the name Sound System is mentioned outside this school it shouldn't be surprising. Many people have heard the harmonic sounds this group has performed over the past year. Sound system performs for a varied audience. One night they may be playing at a local hospital and the next day they would be playing at Tampa Bay Downs, so their popularity is growing with every show.

National Honor Society:

The National Honor Society is an elite club of dedicated, hardworking students who strive to be their best. There are numerous rewards for those who are willing to make the most of their high school education and NHS provides an honorable form of recognition. Each member of NHS has committed himself to succeeding in school and that is a preliminary view to other future successes. One can be proud to be a part of such an outstanding club. Members are given the opportunity to participate in such activities as the Brain Brawl and the NHS seminars that involve all chapters around the county. The University of Tampa provides several interesting films for students to view and discuss. These films provide excellent cultural varieties which give one a more well-rounded background. At the end of the year, the many chapters are given recognition for their participation in the provided activities. The chapter which has been an enthusiastic part of many of the functions will receive the Chapter of the Year Award. This honor is bestowed on the members and their sponsor who also bring recognition to their school. The members of HHS's National Honor Society are seeking to meet this goal as well as any set before them.

This year the French, Latin, and Spanish Honor Societies participated in different activities. The French Honor Society, sponsored by Mr. Garcia participated in candy sales and Declamation. The newest comer into the foreign language department was the Latin Honor Society. Things got off to a good start as they talked about getting t-shirts and selling candy. Their sponsor was Mrs. Kneppshiel. Last but not least, Spanish Honor Society. This year, they got off to a great start. Under the sponsorship of Mrs. Halikoytakís, they participated in such things as a picnic at Hillsborough State Park, candy sales, a Christmas dinner get together and Declamation. It wasn't easy for these students to join these clubs. First of all, they must have a B average in the foreign language of the club they want to be in, at least 2 years in that foreign language, and at least a B average academics overall.

Foreign Speaking Athletes???

The German Club is a privilege to be in. This year, the members participated in various activities both in and out of school. To be a member of the German Club, you must maintain an over all "B" average or above. German Honor club is sponsored by Mrs. Todd

The 1986 Fellowship of Christian Athletes has grown considerably larger over the past years. This club sponsored by Coach Anderson invites any student who is interested in their future to come and join his group. FCA has become the largest interest group in the school. It is evident that the students value this club and its message.

Honorary Science and Beaker Breakers are distinguished science clubs. These two clubs go beyond the normal science class, they explore the far regions of one's imagination. Not only are these clubs special to the club members, but they are very interesting to nonmembers. In order to be a member of one of these clubs, one has to have a deep hearted interest in the field of science and also be willing to stick his neck out for the club. Honorary Science and Beaker Breakers are therefore, very distinguished clubs to be in.

For Future Reference . . .

These are the faces to remember for health needs of the future. These students are preparing for the care of their fellow man, both through health and home occupations. H.O.S.A. or otherwise known as Health Occupational Students of America, had an active year in preparation by enacting services related to their field. Posters could be seen everywhere dealing with subjects such as the Great American Smokeout Day and pleas to urge students not to start.

For Terrier Bark they formulated a skit which dealt with their occupational dreams in the health field, a mock surgery! This club had a most unusually active year. Good job HOSA!

Future Homemakers of American, alias FHA, had a successful year in preparing students for future homes. They learned basic ideas about the family unit, as well as other necessary skills such as sewing, and organizing budgets. They also were taught ideas crucial to raising a family and running a home. These clubs worked hard to be the best they could be making Hillsborough even better!

A. Moore listens patiently for upcoming projects.

Getting Prepped for the Real World

Cosmetology is a vocational program for those who have an interest in becoming a cosmetologist in the future. The students learn and practice the newest hairstyles and make-up techniques on customers and students at the school.

Deca is a vocational program for students seeking careers in marketing or service occupations. The club participates in annual district contests, state contests, and national contests.

Peer facilitators are students enrolled in a class that offers guidance and help to those students that are new to the school or need assistance. They offer tutoring and help new students find their way around our campuses.

Together these clubs help to make Hillsborough students better people of tomorrow.

Working for the Weekend.

Diversified Cooperative Training was created to give students hands-on training while getting a quality education in the process. These students must come to school early in the morning for a class that is called zero period so they can leave early to get to work on time. This class is led by teachers Mr. Pino, Ms. VanHoogan, and Mr. Hirth that teach these students the proper way of filling out an application, among other skills. Some of these students are well known around the school like Mike Diaz, Sherman Harris, and Charles Keene. So if you have a job or you are looking for a job this is a good class to check out.

Who is ready for work? asks Ms. VanHoogan.

Teaching the class Mr. Duarte points out the assignment.

Mr. Shuldenfrei explains the proper technique in performing a good debate.

Dr. Who, Debate, and DCT each are in a class all their own. These clubs each pertain to a specific subject. For instance, Deversified, Cooperative Training, commonly known as DCT, is highly recommended not only for the experience of having a job, but also to give students a head start in their career. Dr. Who is also an interesting club. The Doctor Who was founded by Senior David Moore. He got the idea for the club while having a conversation with Mrs. Susar about Science Fiction. The television program "Dr. Who" is one British interpretation of Science Fiction in which the protagonist overcomes evil forces through the many generations of his life. The program has been around for 20 years. The Debate Club, however, stands alone in the club field. The title of the club totally defines its meaning. Each of these clubs are intriguing options for students to explore.

David Moore is proud to be the president of the Dr. Who club.

Monica Bermudaz waits patiently for the specific answer to her question.

Expressing Ourselves

Expressing thoughts, feelings, and emotions can be done in many ways and the Helm staff does it beautifully! The Helm, Hillsborough's own art and literary magazine, publishes a collection of poems and drawings each year. These pieces of literary and artistic genius are done entirely by students. To become members of this exclusive club, students were required to fill out an application in addition to providing samples of their work. The most promising applicants were chosen.

Another time honored association is the Thespians or Drama Club. In this club, students learn the fine art of theater and acting. Not only do they create their own plays, they also study the works of the masters like Arthur Miller and Shakespeare. With the help of clubs like the Helm and the Drama Club, culture just might come back into style.

Leading the Way for the Future in Business

The Senior Division of the FBLA harvested the largest number of members out of all the FBLA classes.

Junior FBLA members are prospective business leaders of the future.

Sponsor Mrs. Haggerty shows her club spirit.

Business education students got an early start on their careers and developed leadership qualities by mastering office skills and working in local businesses for school credit. The year was highlighted with a banquet and a teddy bear sale during the Christmas season. They also attended workshops and conventions throughout the year. FBLA (Future Business Leaders of America) prepared its members for both a rewarding and successful future.

Stop the Presses!!!

The Red & Black staff of '86-86 did an outstanding job this year. Under the supervision of new sponsor Mr. Heverly, the newspaper's staff put out monthly newspapers for and about our school. They had car washes and other fund-raisers to support their cause. In addition to reporting stories and doing interviews, they also offered seasons greetings, last will and testaments, and other messages that students can put in the newspaper for their friends and teachers. They worked hard, got good stories, pushed deadlines and made it all worthwhile. With the help of editors Eileen Watton, Robert Holm, Leslie McKenzie, Shannon Cooke, Nancy Mates, and Mary-Frances Simeona, these reporters made this year's Red & Black staff better than ever.

Reporters on the staff use the Tampa Tribune as an example.

Future Homemakers of America, better known as F.H.A., has been in existence nationwide for 40 years. Here, at Hillsborough F.H.A. has been a club for over 20 years. The major activities of F.H.A. Focus on individual growth, preparation for family life and careers, and participation of youth in today's society. This year F.H.A. attended the District 7 convention, which was held at the Egypt Temple Shrine Oasis Club. They also have taken part in the school-wide candy drive and the selling of Hillsborough High School mugs. The F.H.A. club was organized in accordance with Home Economics, state and nationwide. The most important activity that F.H.A. has encountered was the state conference, which was located in Tampa. F.H.A. is interesting and teaches a student the key to a lifetime of celebration, according to Mrs. Guagliardo, the 1985-86 sponsor.

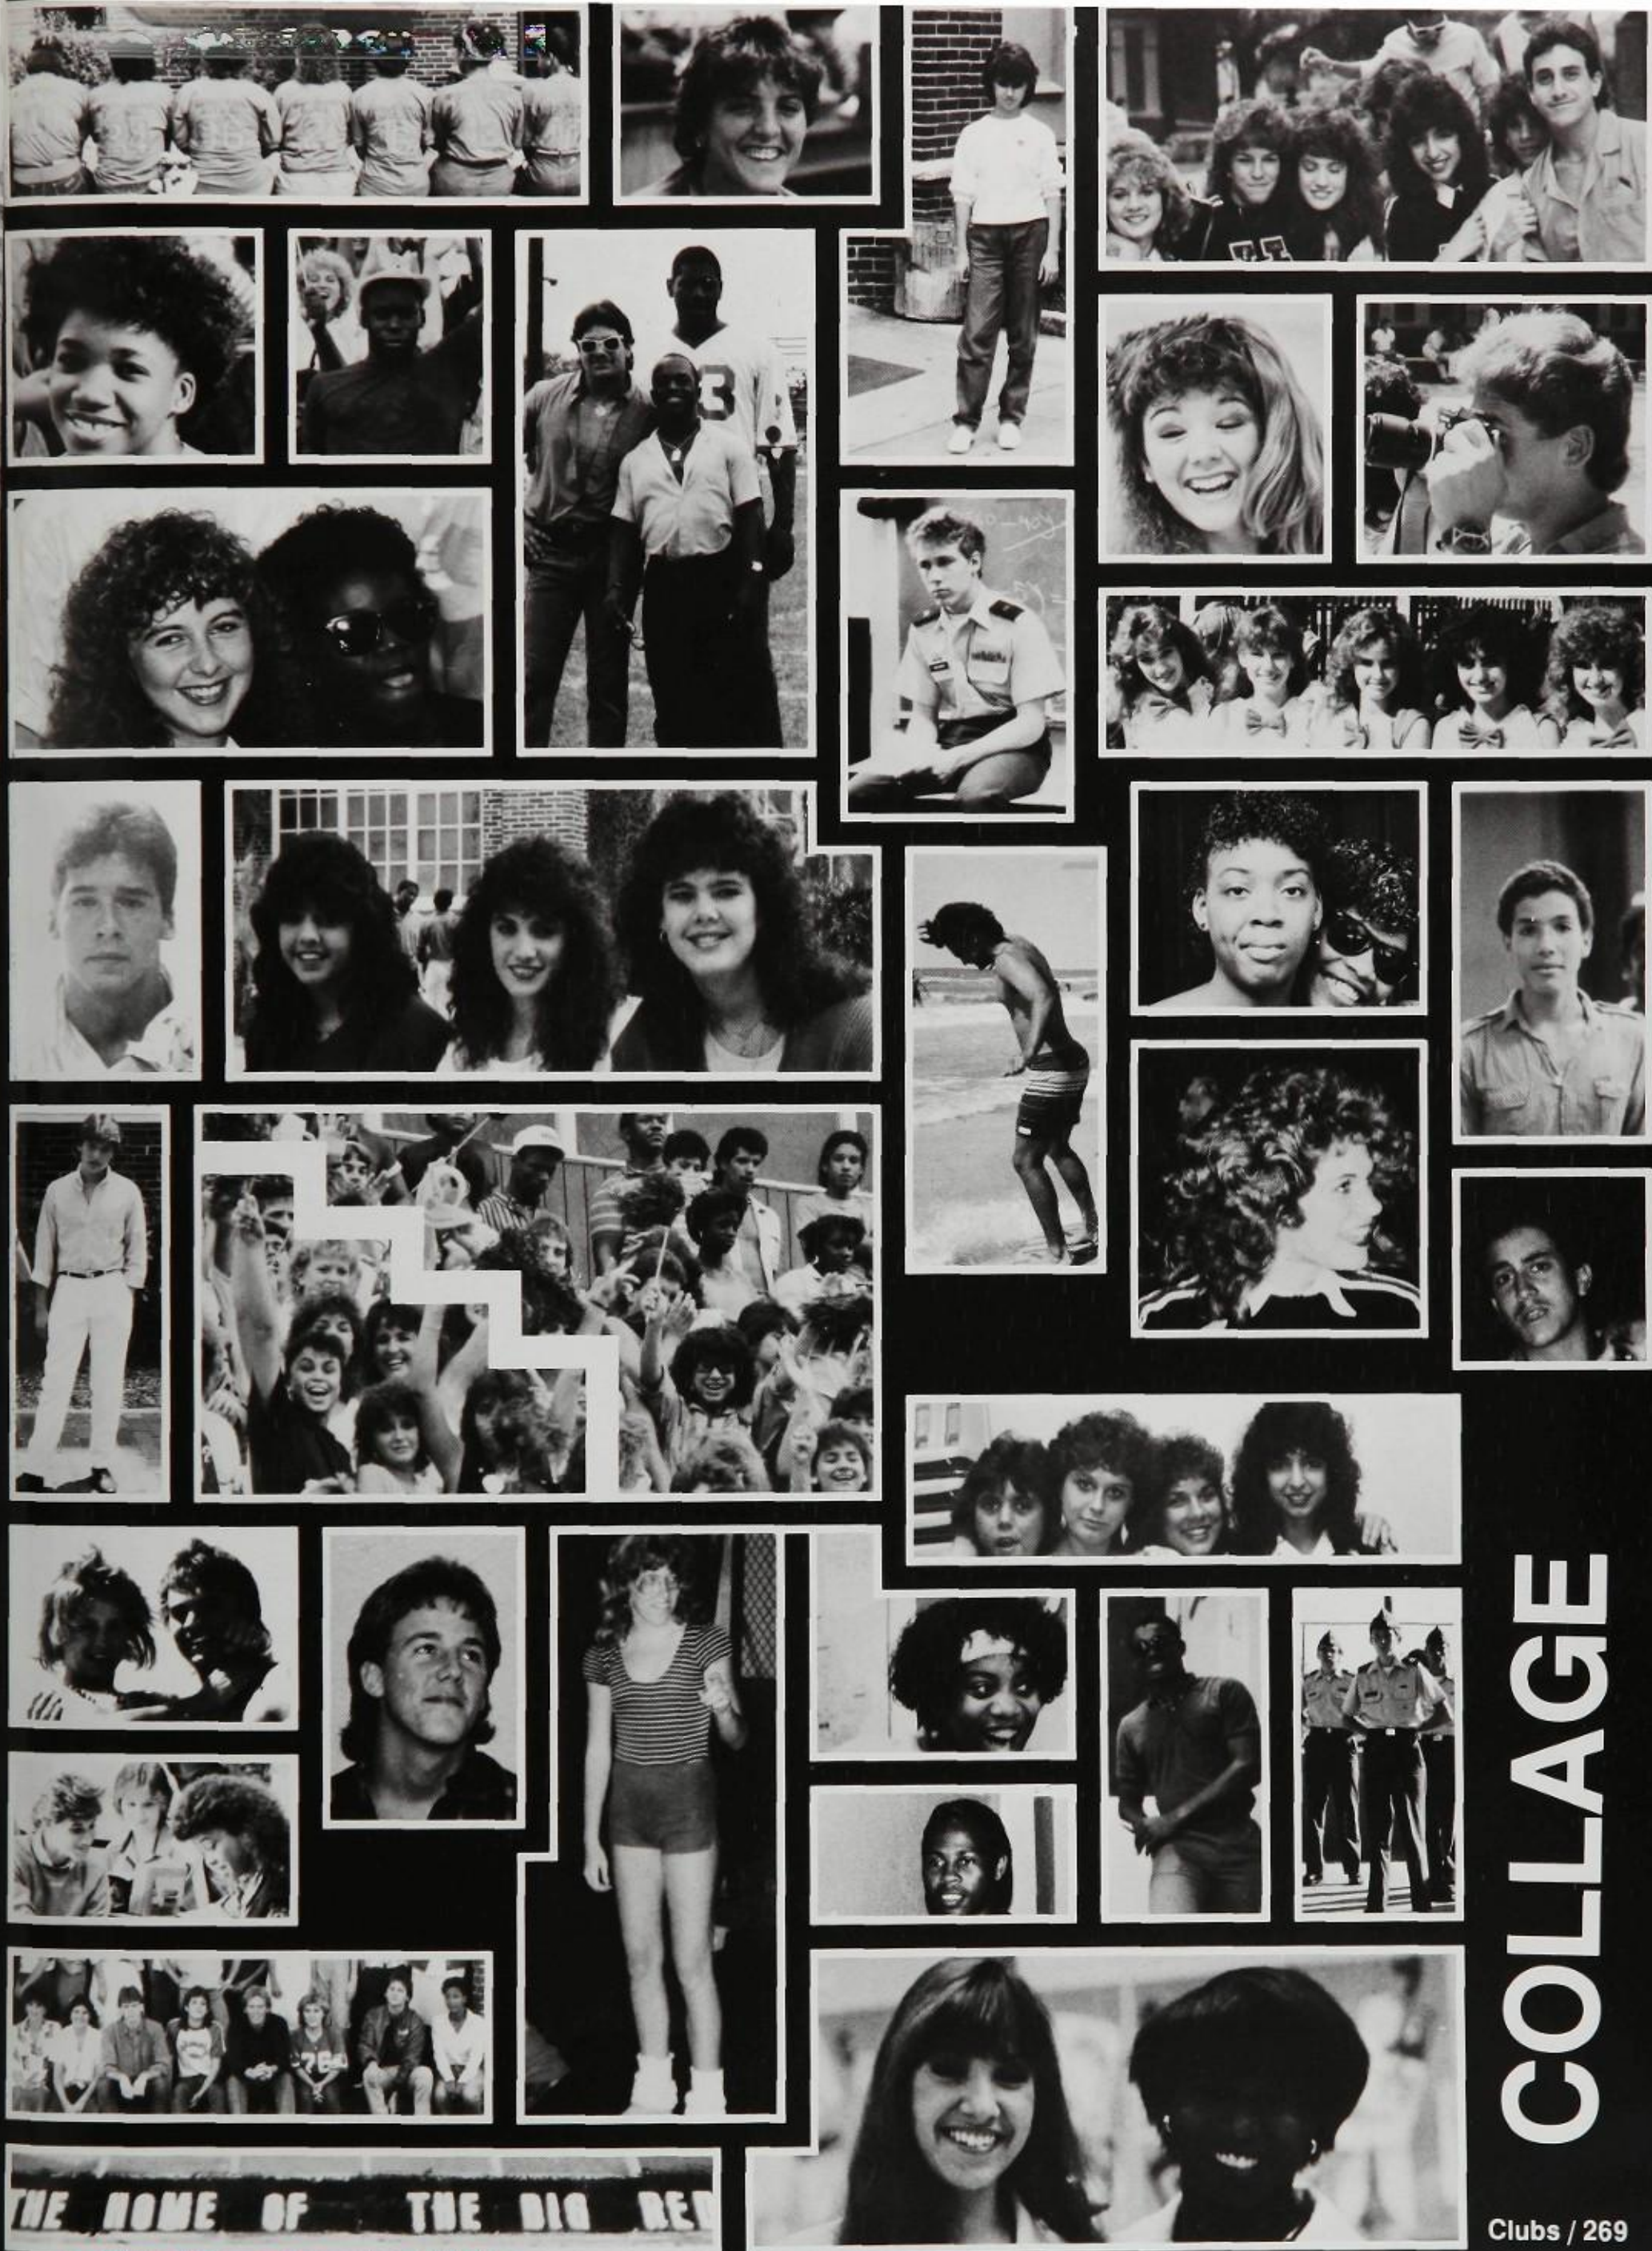

Terry Lerrine is proud to be a Terrier.

Stacy Richart and Quisella Perez show their Terrier pride.

Benettye Michele Griffin Congratulations!

We want you to promise yourself . . .

- To be strong that nothing can disturb your peace of mind.
- To talk health, happiness, and prosperity to every person you meet.
- To make all your friends feel that there is something in them.
- To look at the sunny side of everything and make your optimism come true.
- To think only of the best, to work only for the best, and expect only the best.
- To be just as enthusiastic about the success of others as you are about your own.
- To forget your mistakes of the past and press on to the greater achievements of the future.
- To wear a cheerful countenance at all times and give every living creature you meet a smile.
- To give so much time to the improvement of yourself that you have no time to criticize others.
- To be too large for worry, too noble for anger, too strong for fear, and too happy to permit the presence of trouble.

Believe in yourself Benettye!

Graduation Is a New Beginning Congratulations

The Andrews Family: Bob, Terry, Cale and Matt

After seven years of college, Bob met Terry, a beginning freshman. "Like" led to "Love" and before long they were engaged to be married. In 1970 not only were they wed but they also went into business for themselves to supplement their incomes. Business grew rapidly. Today, Andrews International is an independent multi-million dollar, worldwide, Amway Distribution Company.

Andrews International helps people diversify their present incomes by setting them up in business, training them and supplying them with a

line of over 7,000 different products. From Seiko watches to laundry compound, Artistry Cosmetics to Home and Business Security Systems, Micro-Wave Ovens to a Total Nutritional Line, Fertilizer, Industrial Chemicals, Personal Care Products, Fashion Jewelry, Automotive products and much more.

If being an independent business person is appealing to you, then call or write for more information.

Do You Know . . .
What Makes Us So Different?

“PRIDE”

. . . And we've got a lot of it. We don't admit being the No. 1 newspaper in Tampa, but we do boast of being the proudest. Why? Because we tell you more about the individual in the community in which you live. We understand your needs and we fight to help satisfy those needs. Just think about it, when the chips are down, who else will lend a helping hand? Come see how pride makes the difference.

There is a world out there waiting for you after graduation . . . A world that you have dreamed of, but you're the one who can make it come true. Use the strength you've got inside you to open the door. Use the courage you hold deep within to take a step in the right direction. Use the knowledge that you really will make it if you try. Just take the first step in the direction of whatever you want to do, and soon your fears will all be passed — you will put them behind you and you will know why you made it through. Just take the first step . . . and then another . . . and before you know it a more wonderful world will begin to show itself to you.

Congratulations on your graduation!
We love you!

I'd like to take this opportunity to thank Michelle (my favorite Duranie Buddy) for the best years in High School! We have had the best of friendship. It has been great fun terrorizing Ricky. One of these days, you'll have Simon in your arms. Thanks for all those great memories. Rhea, I'm glad we became better friends. Even though we didn't see much of each other this year. I hope you and Martin will be very happy together. I'll always cherish the memories we had together. Tabi, I'm glad you came back. It wouldn't be the same without you. I hope you get what you want out of life. I know our friendship will not end after High School. Stacey, Kaurie, Sherrie, Sherlyn, Missy and Judy I hope you all have the best life. You all made my high school years happy! To Mary, I'd like to say that our friendship has meant more to me than anything else. I know it won't end after High School. Don't worry, 'cause one of these days we won't have to terrorize Ricky anymore because you'll get Randy soon enough!! And we'll also get to go to New York and stay with J. T. in his apartment! Tabi, Rhea, Kaurie, Missy, Sherlyn, Millie, and Stacey we've had a lot of fun this year, and I will never forget you all. To Gladys, you've been a special friend to me and I know we'll have plenty of more Saturdays to spend together. Our good times will last forever. To my best friends Mary, Michelle, Missy, and Tabi thank you for being true friends. You had made my high schools wonderful and special I'll always remember the close friendship we've had one time or another. Remember our lunch in the 10th grade remember my accident from laughing so much and you guys leaving without me. I'll never forget that. I hope that each of you will become a big success in Life. I have faith in all of you. To Mary, I hope you meet that Good Looking, Rich, Intelligent Man waiting for you. To Missy, I hope you get the best out of Life. Good Luck with Dicky. To Michelle I hope everything turns out good for you and also I hope you meet Duran-Duran. And of course To Tabi I hope whatever exciting things you do in life let them be safe. I hope you Kurt in some way Good Luck in Life I love you all. You are the Best Friends I've ever had. May we keep in contact after we graduate.

Love Always Your
Friend,

TALK OF A LIFETIME

Leigh,
Well, you finally made it through high school. Let's see about college. Even though we aren't very close, I am hoping that you do well in whatever you do. Have fun this summer, and I hope I never see you until holidays. (Just kidding). We've been sisters for a long time now, and I hope our friendship stays stable. I also hope you acquire a taste in clothes (HA, HA). Well, don't party too much after graduation. Good Luck!!! Hi Tabitha and Love, ERIN
Good Luck Charlie!
Giovani!!!

Cheryl and Shelley,
Well this is it! These 3 years at HHS have been great and ones that I'll always remember. I know that our friendship will last for a long time and I wish you both the best of luck and hope we'll always stay in touch. Rayme, and Alethea, thanks for all the fun times these past 2 years since we've been friends. It's been wonderful and I hope that they never stop! Let's stay in touch forever and I hope that we'll stay friends for a lifetime. To all my other friends, good luck in whatever you do.

Love ya,
Michelle

Ricky Wallace,
I love you! I am glad that I am a part of your life, and I will stay that way for as long as you want.
Love you always and forever, Kimmi

Teriegh Hughes,
To my best friend. I'm so glad we have had the chance to come so close. This year would have been awful without you. Thanks for everything.
Love, Jackie.

To Shelah, Angela and Elaine,
I can only describe you in one way: INSANE! I love ya a whole bunch!
Thanks for such a great year. You're the best! To Louis and Anthony may your mocassins leave happy tracks in the summer snows. You guys are great! Love ya a lot! Thank you Mom and Dad for all your help. I love you! Congratulations Ted and Michele! All the best!
Love,
Margaret c/o '87

To all my friends,
You have all been so good to me and I thank you for it. To Lisha, Ally, Nikki, Merrith, Greg, Cheryl, Chris, John and Stephanie, you all make great lunch buddies. We've had great times. And then to Robby, always remember that I love you. Never forget the times we've had together, not the good ones anyway.
I hope I've been as good a friend to all of you.
Forever, Marci

Dear Cherie,
As you start a new part of your life we want you to know that we are very proud of you and love you very much.
Abuela and Nano Albano

Stacy Bester, and all my other friends, Good luck in the future. Stacy, it's not going to be any fun without you next year. We have been friends for a long time, let's stay friends. Take care of yourself.
Love, Lisa Richardson.

Paul,
I want you to know you are very special to me and I will always care about you. You will also always mean something to me. My senior year wouldn't have been nearly as fun if you hadn't been in it. You have given me many memories and I know there are lots more to come.
I love you, Cheryl

To Tracie: You are a very special friend. We have had lots of fun in the past and hopefully we will in the future. Stay crazy and faithful to J.D., and R.R. Para LeeLee: I am so glad that you are here now. You are a great friend and stay that way. Enjoy H.H.S. Brentley, I will always remember your adorable smile and pinching your chipmunk cheeks on the bus. Gregg, you are a special guy even though I pick on you! To all my other friends, love ya and be cool;
With great memories,
Frances "Mani" Smith
P.S. Happy Birthday H.H.S.

Chris (Biscuit),
Congrats on being on the Hillsborean staff and the "Big Terriers." We love you! Make sure they spell your name right — Petrucci.
Love,
Mom, Annette and Frank

Fred Mayo!!!
You are a special person in my life. I love you very much. I hope we're together forever. I love you!!! I love you!!!
P.S. I LOVE YOU!!!
Love,
Melissa Clark
XOXOXOXOXO!!!

As I leave the Big Red, I leave these parting words...
Thanks to Dewart, Mrs. Ross, Mrs. Cook and all of A.P. I love you all. Mrs. Rombough, thanks for everything. I will miss you very much. To the best parents anyone could have, thanks for everything. To Harriet, who taught me art and culture (Ha! Ha!), many thanks. Cindy — no more Willie! Graffiti and Barn Doors forever! To the daughter of the keeper of ducks, and her sister, I love you both. Klaus Nomi??? silvae, insula, etc. Dawn, read this in a dusty-bunny shop at 3:30am. Jeff, I'm glad U were here 2. Chi-chi, how is Mr. Ed? Elsie is fine. Laura — hi!, Terri — hi! U R terrific! It's been the greatest eight years!!! Adios! God Bless H.H.S.
***extra special thanks to Senoras Todd and Hali. Muchas gracias por su ayuda. Que Dios los bendiga. I'm learning to read Die Heilige Schrift!

Flash, you see I told you I'd return and I didn't fail you this time. I've finally proved something to you. Well, I'll miss you but I want you to know that I love you very much. I'm glad you were always there. Let's never lose touch with each other. Melissa, Sped you really made my year great. I can't wait till graduation. We are going to have so much fun. I hope you and "S" have a great future together. We really had some fun detective times. I'm really glad we became best of friends. I love you alot. Tara and Kim, I hope things always work out for the best. Sam, never go straight, go forward. Buckwheat, even though we've only known each other for seven months I really love you alot. I hope things will eventually work out. Never lose trust. Terri and Laura it's been real. Laura don't give up.
Love ya always,
Chris

Dear Kimmi:
To the only girl in my life. You have opened my eyes and heart. I'm glad that we have had the chance to share our love for each other. I will never leave you.
Love,
Ricky

To my best friend Jeannie Corbitt and my big and only brother Anthony, I love you both and I wouldn't have made it through my first year at H.H.S. without you. Thanks for everything.
Love, Teresa Lopez

Congratulations Dana Guerra!!!
We wish you a life full of success and happiness.
Loving you always,
Mom, Dad, and Jason

2 Claudia Bermudez,
Whom I love and care 4 with all of my heart. How can I describe my love 4 U, not in one word that much is true. A million words arranged just so, could tell how my love 4 U does flow.
U mean the world 2 me. I will never stop caring 4 U.
Love always,
John

TALK OF A LIFETIME

Dear Cherie,
How proud we are of you. You've finally made it — Graduation at last — May all the wonderful things you want and deserve in life come your way.
Love — Mom, Dad, and Chantel

Carey,
I never thought I could love someone as much as I love you, you have shown me the true meaning of love. Thank you for being there when I needed you and for being my best friend. I would be totally lost without you. I have always loved you and always will!
Love ya from the ground to the sky,
Monica

To: Tabi, Rhea, Laurie, Sherlyn, Mary, and Michelle
We all have had some good times and bad times but in the end we are still friends. I hope you all strive in life and get everything you deserve. To Mom and Dad, thanks for being there for me and for telling me I can be what ever I want to be. I love you both very much.
c/o "86"

GOOD LUCK!!
RULES
Love ya all,
Missy

Mom, Dad, and Ryan,
I know that I have not been the easiest to live with these past 3 years. So, I just want to say thanks for putting up with me and for all the support you gave me. The next 4 years of my life won't be easy as I go through college, but with the family I have I know I will succeed. Thanks for everything!!
Love ya,
Deni

To all the friends I have made at H.H.S.:
It has been a great 3 years and I know that I will miss it all. And I appreciate all the support all my friends have given me — esp. Darlene, Gwynn, and Theresa because they had the kindness to listen to all of my problems. And I want to thank Mr. Dennard because he has helped me a great deal as he would any other student as though they were his own children. I will miss these years at H.H.S. and I will always remember and cherish the good times I have had at H.H.S.
Love,
Kathy Freeman

So this is hello to all. Julie baby, you know I love you too much. Laura, I'll love you always, and like Melissa, Maria (hi Oscar), Darlene, Bill (hi Jeff), Kachelle, Wayne, Tam (Bear), Miriam, Julie, and my other fabulous friends, you mean an incredibly large amount to me. As for the unthinkable lot ... Melanie, Jenny, Kim, Kelly, Kellie, Kelley, Kellee, any other K names, Ivy, Cammie, Kerri, Joanna, Richard, Laura, Eileen, Dana, Angela, Erica, and anybody else who's festively associated ... It's always too cool. Tara, Kim, be happy forever. Debbie, I love you. and Jerry. You are a better friend than anyone could ever hope for. I will always love you to death. Do us not part.
Terri

Eileen,
Ever since I can remember you have always been there and I want to thank you for it. I hope you don't go away to college because then we couldn't have our "middle-of-the-night-in-our-nightgowns-with-mosquitos" conversations. I am going to have to learn to get along without you, since you won't be around. That will be very hard for me to do. I love you Crabs. I only wish the very best for you. I know you will do well in life because you always succeed in things you put your heart into. Take care and never forget all the memories.
Your friend always,
Dana

To my friends, love Shelby:
Karen — To all the Q's we have played but no one will ever be the same. Raquel — as we thrash through eternity, Heavy Metal will always be. Tami — Through Bon Jovi and Iron Maiden too, we know where the Scorps are there's the ZOO! Kerri — To the times in Brandon whether left or right we know the next time there will be no sight. (lost yet? Q's for pizza) Cammie and Ivy — To the day of luxury the use of the car we shall reach to be. It will be Naugle again, ok. Marilee — To my best friend and from before thanks for helping me with the boys. I hope we remain the bestest of friends, because we don't want to begin again. Dina — Good luck with Bobby! Denise R., Laura E. and Shelly C. — Moo-Moo Cow!

To all my friends I leave the following advice:
1) Eat everyday
2) Try to blink at least 457 times per minute.
3) Remember if all else fails ... x=7
4) Never look at the light (!!!)
5) Remember no matter where you go ... there you are.
One final word to all those that know me: Don't worry, even though I'll be rich and famous later on in my life I won't forget the little people that made my life what it is today. In other words ... I'll get you back you little dirtbags!!
SHOO-HA HA-HA-SHOO (!!)
She's bad ... UH-HUH UH-HUH She's bad ...
UH-HUH UH-HUH She's Dana ...
I love you all,
Monica A./Madonna

Dedicated to: Kurt Berisford Brian Lorenzo Young;
Kurt, you're a very special person in my life whom I enjoy spending my time with. Even though we have had some bad times, all the good times overcome the bad. I have just found out recently how much of a good friend you are to me. Also, I saw during my most troublesome times you were always there. As any and everyone can see we have a fantastic friendship, let alone a great relationship. Every night I hope and pray that our relationship will prosper and flourish. Not to mention the love we share for each other. I just wanted to say:
I Love You!
Forever yours,
Dallas Norton
"Pretty" c/o 86

To All My Friends,
I just want to say thank you for making my years at the Big Red so special. I will always keep those special memories of our wild and crazy adventures. I love you all dearly!
Dee Dee c/o 86
P.S. Anyone for the mega amounts of oysters, books flying from your hands, excessive absences, painting in the shower, midnight parties, attacks of the chicken death squad, H punch, seeing double, Steven Tyler, No Quarter outer space bars, fights at CC's, punting out at the keg, rock n' rollin at Ruby's, sleeping on stages, hitching to Daytona, cruising on a yacht, ham sandwiches, post Elana parties, raids at Beta Dorm, and let's not forget ice cream my way!

I would like to say first that I appreciate everything that anybody has ever done for me. Honestly I do. But most of all, I really am grateful for everything that my mom and Pauley have done for me. Thank you so much. And I would finally like to say thanks to my terrific Grandparents. Everybody knows how wonderful they always are. Anyway, I love you all so much.
Terri

To all my family and friends:
Thank you for all the support, and for making my high school years the best of my life. I've enjoyed every minute of it. Thank you for all those crazy weekends, they were great! A person's youth is supposed to be the main part of their lives and I thank you for making my youth so memorable. I couldn't have made it without all of you. I need to give a special thanks to my boyfriend Marcos who was always by my side through all my high school years. Even though I had crazy ideas sometimes, you always understood me by expressing your love to me in such a caring way. I definitely could not have made it without you. Thank you for always spoiling me, I love it! I pray that our love lasts forever and ever. Thanks for all of Hillsborough, I love you and I will miss you all. One thing that we can know for sure is that the Big Red will always be #1.
Bye-Bye,
Ruth Virelles
(Tweeie)

To The "Lunch Bunch"
Every year we get bigger! Special thanks to my best pal Ally. Let us continue our never ending search for hunks. I couldn't of made it so far without you. Lotsa of love to Greg (Studley). Congratulations on being a former "Goonman." Never forget how special you are. Cheryl (LeWana), Marci, and Mick; All the luck in the world. To Robert (HR) and John (JP); Thanks for alot of laughs. And thanks to all my spastic sophomore friends; Gary (cutie), Butch (so are you!), sexy Jimmy, and Charles.
Thanks Guys,
Nikki

Christopher,
Words cannot express the feelings I have for you. Our relationship is not only special, but very unique. I want to thank you for being not only a gentleman, but a friend. (my best friend)
All my love,
Heather

To Sam and the Dancerettes,
Sam without you my years at H.H.S. would have never been the same. We had so many special memories here. I love you so dearly! More than you'll ever know. I just hope to God that the rest of our lives together will be as memorable as these past years.
P.S. Good luck to all my girls (Dancerettes). Keep dancing.
Love you dearly,
Gloria Cooper

To my daughter Adrienne Vasstique Glymph, whom we love dearly. "Congratulations." You have made a big step in life. You will succeed in whatever you do if you keep God in your life.
With all our love,
Mom and Dad

To all my good friends Jackie, Teriegh, Melinda, David, Doug, Donald, Robert, James, and Lenorad I'm glad I met you.
Love, Nicole

CONGRATULATIONS CLASS OF 1986

FROM THE "RED AND BLACK"

To my soccer and lunch buddies:

Melissa, thanks for being such a great friend. I'll miss ya when you go to U.F. Please keep in touch! Tammy, you are another one of my great friends and by far the funniest. When I'm feeling down, even when I'm not, you make me laugh (tes)! H.C.C.? Leslie, you may be short but I still like you. Have fun at U.F. Keep in touch! Kachelle, we made it through physics! Thanks for being there. Maria, wasn't soccer fun? Hi: Bill, Jeff, O'Dalys, Julie, Per. 6, Danny, Gwynn, LeAnne. Please keep in touch. C.B., What can I say? Who knows how the situation will be by now. Always remember how I feel. I'll never forget you. Goodbye! Don, I'll love you always. I know our future will be filled with happiness. Ms. Merrill, thanks for your humor and because you are sooo nice you can have my black shoes. Good luck to you all. I know no matter what you do you will succeed.

Love, Loura

Mom and Dad,

You have been the best parents anyone could ask for. Your support has always meant alot to me, and has always helped me. I could never say all the thoughts I have for you both. But I want you to know I love you very much.

Love Always,
Tammy

Congratulations to the class of 1986 — the best!!!

BEST WISHES TO THE GRADUATING

CLASS OF 1986!
FROM YOUR SENIOR CLASS OFFICERS:
DARLENE, CARLOS, BENET-TYE, AND TASSI

There's so much I want to say . . .

You wouldn't believe how much the "Big Red" means to me. The one true thing I've found to believe in the 3 years that I've been here is that this school is definitely the best and will always be the best. It's given me great friends (especially Loura) and teachers, fun and rotten times, but most of all it's given me lots of memories to last a lifetime and believe me I won't forget any of them. First I'd like to say good-bye to the following special teachers: Ms. W. Leigh — Gracias por todo! You have been a great teacher and friend to me since my first days at Hillsborough. Don't worry I won't ever forget you cause I'm your biggest fan! and I'll be waiting to see your name in lights. I wish for everything to come your way cause you truly deserve it. Take care and keep in touch. Love ya! Mr. L. Perrella — the WOP — remember ALPO₄, it's quite vital to your health and please get rid of "ALL" your computers, if you can find them in all of your mess . . . (nag! nag! nag!) Love ya! Ms. L. Merrill — Well what can I say??? Leadership class wouldn't have been the same without you. Who else would of been able to "try" and rip on us??? . . . oh noooooooo!!! It's Mr. Bill with Muffy . . . boppity, bop, bop!!! P.S.* I wouldn't take Loura's black shoes if I were you — they were hand me downs from the "Exterminator." All in all, good-bye Ms. M gonna miss you and your insults. Love ya!

Next I'd like to recognize a few of my buddies:

Melissa, good luck at UF with all the guys. Just be sure and tell them your "Mayo" story. I'm sure they'll enjoy it. Take care and be sure to keep in touch Leslie, good luck with any tall person you might meet. Remember me always and K.I.T. . . . O'dalys, enjoy your yars years at the big red 'cause they sure go by quick. Miss me dearly . . . Tammy "Tambo" Hernandez, I must say it's been quite an experience!!! Your sense of humor and energy amazes me. Thanks for putting up with me. (just for that you can have one of my outfits). Remember (MESSAGE CONTINUES) . . .

"a nickle or a dime . . ." Love ya bunches, "GOO." Loura "Groundhog" Howey, hmmm . . . see other MB . . . To Willie and Oscar, lunch was lots of fun! I wish you both all the best as I leave the Big Red! Take care . . . P.S.* Pee-wee says he wants his bike back. To "Boo-Foo" Steve Ake, I want you to know that when my long nail breaks I plan on giving it to you, cause I know you'll put it to proper use and please try to keep your hair one solid color! To all my Calculus buddies: Todd ("Tudd," catch-a-wave dude, Auburn parties forever and yup-per!), Mike (please have a safe trip to Mars as you take Yun back to his native land to eat rice!), Steve the "Sleve" Gremer (please learn how to cross your t's correctly . . . surf's up!), Wendell (the guy that claims to be Romeo, Where's my ring? and you better treat Be-net-nee well.), Chris and Mistie (the brains of the class, good luck wherever life decides to take you both!), Keith (It's punk all the way . . . Skank a little . . .) and last to Wayne the "brain" Chesser (Be sure and save me all of your floppy disks for college . . .). It's been lots of fun this year and I hope to run into each and every one of you in the long run — maybe we'll have more "party" sessions at my house one day, but this time we should study! Bye you guys, gonna miss ya lots!!! Love "Dudd." To Mark and Scott in Physics: Thank you both for all of your help. Mark don't forget the pink porsche and Scott don't forget my new house! Remember me always you guys and K.I.T. Love ya! To my buddy for 9 long years, Dawn Springer: Well we finally made it! It's too bad we went our separate ways with different people, but what's important is that we're still close friends and we've shared a lot of experiences since the 4th grade. Much success to a hard-working person like you. Love ya, "P.J." And last but not least, I want to wish the HILSBOREAN staff '87 much luck next year with the book! (Steve White — I'm changing my number, so don't even try it!!! ha, ha!)

Farewell to all — Good-bye HHS,
Darlene Fabelo
'86 Sr. Class Prez

To most of my friends:

Remember that you are reading a note written by Tammy J. Hernandez and not a normal human being. Friend number one (order has nothing to do with importance). Goo, you've been the most supporting friend I could ask for, you're always there to give people an extra boost, even when they don't want it. Please stay away from the bus windows. Melissa and Loura, I couldn't ask for two better friends old or new; Loura, although we just met I think of you as a breathing individual, Melissa I think of you as breathing also; Please remain breathing all your life. Terri and Tracie you've made soccer a blast (sort of like the shuttle). Tracie it's been great knowing you, have fun your last year at HHS, if you live that long. Ter-bear, I don't know exactly how I got that nickname, but I must admit it's pretty stupid so from now on you will be known as Prissy the wonder horse. To some of my other friends who probably don't know my last name, or in some cases my first, Jennifer, Jackie, Vikki, Chris, Monica, I want you to know I own voodoo dolls of each of you. And last and least Julie, we've been through some bad times, most of them were your fault but I'll always remember you as a super dresser. I know most people will think this is stupid, but as my friends you realize that this note is strictly ab-normal; like me. Seriously, take care and keep in touch. Love always (unless you have a sex-change operation).

Dr. Tammy "Scarface" Hernandez, III

To the c/o '86 and especially the friends who made these three years most memorable ones for me:

I don't know how or where to begin, it's been just great at the Big Red. I will truly miss it and my buddies who made the days all worthwhile. To Lisa Reid (Thanx for those "bathroom talks" — Remember birds of a feather flock together? Love ya cuz.) To Shanda Stubbs (Thanx for the valuable fast-talking advice ha! ha! ha! HEE! hee!). To Darlene Fabelo ("Madam President" Be-net-nee loves you like a sis — but the crucial hours you buzzed me were for the birds). I love all three of you dearly. Would I have made it without ya? Lastly but not leastly. To Mrs. Cook 5th period English Class (Does Macbeth ring a bell or shall I say college-bound seniors "Wake-Up!" or else. ha! ha! hee! hee!).

Again I say thanx to my great friends that I didn't have the space to mention but always the heart to remember. You all definitely deserve the best of life has to offer you. God Bless You all and remember in order to ACHIEVE, you must BELIEVE.

P.S. See ya in 10 years or 20 years as successful men and women right? Right! Cherish those great memories.

Benettye "Miss B" Griffin
c/o '86 Secretary

Eric,

I never thought that we would ever end up the way we are now — together! Ever since you came into my life it's been full of happiness and I thank you for that. We've had so much fun and good times that I'll never forget. It's been great getting to know such a wonderful, sweet guy like you. I thank Darwin for you and I wish for our love to grow and to become a lifetime of memories.

I Love You,
Tammy
"Boo"

As I leave the "Big Red" I would like to thank all my teachers and friends for the unforgettable memories. Special thanks to Mrs. Dorothy York for those spankings I received everyday. Mrs. Majorie Mayes, for those looks in the halls and class. Ms. Guida Hilton, for those lectures during American History and in the halls. Yes, you three will certainly not be forgotten. I love you all dearly. Mr. Suarez, these three years will always be cherished by me, I thank you for your time and guidance along the way. Most of all, I would like to thank my parents for all the laughs and cheers — during these twelve wonderful years. In return for their love and appreciation, I will walk proudly in graduation. You have been my inspiration and my strength.

Thanks for all of your guidance,
Benettye Griffin

Spiny,

I have so much to say and so little space. You are, by far, a better friend than I or anyone else could wish for. You've helped me through problems and you've always been willing to listen. You are both caring and understanding. Thanx! We've had alot of fun and I know there will be more to come. Don't worry about college, we'll make it! And after college we'll become rich and famous. Don't worry you'll always be my bestest buddy and I love ya!

Howie

P.S. Always remember: GOO, and never wear an outfit more than once!

To my best buddy, "Howie:"

It's been one wild year and I must say that I've truly learned the meaning of a nu-waver and also a conformist. We've had such great fun together and believe me there's more to come 'cause you haven't seen nothing yet. Daytona here we come, so watch out!! College life get ready for us too. (that is if we survive the beach). No matter what ever happens between us we'll always be the best of friends. It's great to have someone like you who can really understand me and you know I'm always all ears for you. You're one in a million! Okay, a million and one!! I'm sure Don agrees with me too. You know he's very lucky to have someone like you . . . Best of luck to the both of you and your relationship.

Love ya bunches,
"SPINY FABELO"

P.S.* May the goo be with you!! and remember dreams sometimes do come true . . . "How Fabelous" . . .

**Congratulations
SENIORS!!**

We're finally
free!!!

This has been my favorite school year yet, due to my friends, not my grades. Thanks for the water and encouragement, Sammy R. To Paula Y., Tina C., Heather A., Corie S., Staci W., Charles K., Mr. Crawford? lunch buddies, boys and girls soccer, E2H Class, Troels C., Lana B., my brother Bill, Mr. Spearman, Chantell R., Rae G., and anyone else I forgot or anyone who feels left out. Thanks for making it a great year!! See ya next year at HHS.

Jeff "Little Man," "Eric,"
"Pee, Wee," "Poo-Bear" Rogers

To all the men in my life, To start this off with the one I love the most, Arturo Lasanta. I think that you are a wonderful man and the cutest guy I know. I'm sorry what I said about the cigars. Next, Arturo's faithful brother Gaspar LaSanta. You said you loved me, but you couldn't hurt Art's feelings.

After Gaspar came Brian Mashburn. Our relationship didn't last long because of our intellectual differences. Last but certainly not least, Kenny Nunamaker. It would have been very enjoyable but you are a few social classes "below" me. But my true love is and always will be James Vincent Boyd. I love you the most. I also love Patrick Snyder dearly.

Love always and forever,
Missy White

Donalene,

I'm so glad that we are such good friends. We've been through so much and I know we'll remain friends forever! Bridget, I wish so bad that things could be the way they used to be, but I guess we can't go back. I hope we can always be friends.

Love ya both!
Angela

To All My Students present and past,

May the years to come be filled with joy and wonderful memories of your years at

Hillsborough and . . .

May the Saddest day of your Future be Happier than the Happiest day of your Past

Leo Perrella, Jr.

Jen, Jackie, and Cherie,

You guys have been the best friends to me this year. I'll never forget all the Great times we've had. And I know there will be alot more once we graduate. I hope you'll get everything you want out of life.

Love ya'll lots,
Wendy

Kellie Rossello Sanchez,

There's so much I want to say and not enough time. It feels as if we've been friends for an eternity. Thanks for being here when Ray isn't. Maybe if we're lucky, I'll get the Porsche next year and you'll get the driver's brother. Frances, you've helped me through some rough times with Sir Wop and I'll never forget you. May all your dreams of Charlie come true. Mom, Daddy, and Tony, all of you have been an inspiration to my life. Thanks for putting up with soccer, Spanish, and most of all Menudo. To Kim, Louis, Allison, Greg, Terri the Hag, and to the two loves of my life: Ray and Robby, may your futures be bright and full of surprises. I love you all! Tracie Reyes

Jackie Gifford,

Your my bestest friend. Hope we stay that way 4-ever.

Love ya,
Teriegh

My best three years here at HHS cannot be summed up into one expression. The fun I've had and all the pranks will be an everlasting memory. Willie V., our friendship will last a lifetime, you are a true friend. To J.O. and Doc, we tried! But because of the selfish few of the faculty and our trusted and beloved Dean W., we didn't exist, BUT J.O. will never die in spirit. With this I say goodbye to books, teachers, the times at the cofins, and the special friends that I leave behind! See ya BIG RED!

I'm gonna miss ya!
Todd Lopez c/o 86
V-Pres. J.O. 1985-86

Noele and Pam,

How can I express how special you two have made my senior year. The rides to and from school in the T-bird were too WILD! Ya'll are true friends, you showed how much you care with the little things you did for me that brightened my days. I Love you very much and don't forget I'm here for you.

Love,
Kendra Jo

Georgettos, Well Fellow Airborne (Fozzy, Brian, Wayne, Steve A., JT dyke) It's been a great 3 years. Thank God for Fozzy's house or most of us couldn't go out on the all night brewski runs. A little advice for Fellow Airborne Cadre — watch out for the 15 second love, you don't want the Congo Clap. Don't forget you P.L.F. you can't push down Georgia enough for the black hats. We are all like brothers. Let's keep in touch. You're worse than a T-5 going into NCO School. Well I'll see down on the DZ US Pathfinders got to set up sometime. Have a great life and maybe in 30 years we'll all meet at Times Square, in New York, under the apple, and tell our old war stories. And if we don't meet there then we will regroup in the old DZ in the sky. Airborne Ranger, Juan Valdes

Mom, Dad, and Aunt Helen,

You are all very special people in my life. In the last 17 years, you have helped and encouraged me in all of my endeavors. Thanks for always being there when I needed a word of encouragement, or helping me get on my feet again after a disappointment or problem in my life. I hope you are always there to help me and encourage me in all of my future endeavors of life. Thanx, you really mean a lot to me.

Love,
Patrick Snyder c/o '86

To the Staff, faculty, and students, It's been a pleasure to attend HHS. There are many wonderful memories that were started at this school. To Coach Fraundorfer, you are the sweetest teacher I've ever had throughout my school years. It was a true honor and pleasure to know you. Thank you for everything. To my other teachers thank you for being helpful, understanding, and the education you gave me. I hope to return to HHS one day and make my teachers proud. And to my mother thank you for all your love and support. Times may have been hard but that's why I appreciate things more. I Love You very much and I hope I've made you proud of me by graduating. We showed them, didn't we. Love always, Rhea Eddings "Blondie" c/o 86

TALK OF A LIFETIME

To all of my friends and fellow graduates:
Thanks for making my Senior year special. I wish you all good luck in your years ahead. Happy 100th H.H.S.!!!

Love,
Greg Barber

To all of my friends and HHS:

Thanks for making the last 3 years the best years of my life. Thanks for all of the fun and laughter, Amy, Wayne, George, Marcello, Nancy, Frances, Julie, and all my other friends. I will never forget any of you.

Thanx,
Patrick

P.S. Congratulations and Good Luck to the c/o '86!!!

Angela,

I really don't know what more I could say, except that you've been there for me whenever I needed you, in the past five years. I can't believe it, we're finally gonna graduate, YEAH!! Amy, thanks for being the best friend anyone could have, we've really experienced alot over the past 3 years. For example, Paul Mason and the aqua bikes on the beach. HA! HA! Wendy, I thank you too, for all of the good times we had, example, New York and the 3P's. Scott, thanks for being such a great friend and for always being there for me to talk to. Last but not least, Shane, I know that I haven't been the easiest person at times, but you really do mean alot to me and I hope that we can hopefully be together, if it is meant to be. (It is!!) HA! HA!

Love ya always,
Jennifer

John,
I'm glad we have become really closer over the last past year. Through the good times and the bad. So don't ever forget the great times we've had.

Congratulations, John, you did it!
Love your cousin,
Nicole

Tommy,

Ever since I met you, you've been the light of my life. We have shared so many special things together, things I never want to share with another. I know we have had our share of problems, but we always seemed to work them out right. Which shows how much we care about one another. Babe, I just want you to know that you are the most important person in my life and I never want that to change. I love you more than you could ever imagine, and my love for you grows stronger every day. Thanks for making me so happy. I'll love you always, no matter what.

Love you,
Donalene

To my Sound System buddies, I know we are a winning combination and we are going to have alot of fun! Salvea to my fellow Latin sufferers. I hope it stays as funny as it is now and that we all will somehow pass our exams. Good luck to Concert Chorus 86 and to "THE Staff." To Lisa B., good luck with Goey and my continued friendship. To Michelle S., thanks for always being there to help, you are a VERY special person. To Monica B. (an original), I give my continued respect and all the friendship I can give. May our partnership last forever! To Annette V., (the Ultimate crazy) thanks for the great times, you showed me what fun was! To Lynn H.V.B. remember a road with no obstacles usually leads nowhere. You have my eternal friendship!

Love always, Cynthia J. c/o 87

Nikki,

Thanks for being such a sweet, wonderful friend to me. You always have the patience for all of my problems. Thanks for all the hugs!

Love ya,
Ally

Mom, Dad, Grandma, DeeDee, Misti:

Well, it's been three long years and I couldn't have made it without your support. Thanks for putting up with me because I know it hasn't been easy. I Love you all.

Louise

Leslie, Maria, Tammy, Laura, Terri, Darlene, and Julie our days at H.H.S. are almost over but we've gone through alot together and we've made alot of great memories. I know after school we'll all go our separate ways in search of goals but I hope we always keep in touch. Maria, it seems our summer in Spain may have to be cancelled due to my summer in college but maybe one day! Tammy, you've been one of my best friends for the past four years. We've gone through the good and the bad together and your craziness always got me out of my moods. Thanks! Laura, you're a great friend for putting up with me. (Oh! Can I borrow your beret?) Terri, You're really special, don't let anyone try to change you. Darlene, lunch wouldn't have been the same without you, neither would ballet (remember). Julie, what can I say: when you become famous don't forget me. You and Tammy did an unbelievable job with the yearbook. And finally Leslie, how can I write everything I want to? Maybe this will sum it up: (stay gold) Don't forget our secret! I love ya all!

Melissa

P.S. Danny, I don't care what Gwynn says now you've been a great friend and I wuv ya too!

R.I.,

Words cannot express the way I feel when we're together. These last 10 months have brought me the most wonderful, exciting and "experiencing" times of my life. Thank you!!! I LOVE U!!! With all my heart and soul! You mean the world to me! I realize things aren't going as they should right now, but with you on my side, I can get through anything (D-A-D)!! I'm glad I didn't let you go that cold night of Dec. 14, 1984, coming home on the bus. If I would have, I don't think I'd be here writing these words to you. I'm praying that after I graduate we can begin the rest of our lives together! I love you always and forever!!! (December 1, 1986)

S.I.

To Teresa,

For being such a good friend since the 7th grade. I love ya!

Lisa

To my Fatbelo, Ugly, and Ruthie, I hope you all had fun this year. You made my Junior year fun. I hope you keep in touch. May you all find happiness and joy wherever you go. Don't forget HHS or me. Good luck in the future.

Love, Annette V.

To Angela McCoy,

This is it for us. Our last year and we are out. It is hard to believe isn't it? I know through the years we have had our ups and downs but we have always made up. I am so happy that we have stayed best friends. Thank you for all the great times.

To all my close friends,
Farewell and thank you for such a great time. Special thanks to: Rudy Curiso, Benettey Griffin, and Marlin Hall.

To my teachers,
Thank you all for your guidance through my years at Hillsborough. I will never forget you all.

Love you all,
Kimmi

P.S. Farewell Hillsborough High
Remember Terriers are #1.

To our following friends:

Darlene — moves to Oklahoma and meets Mr. PeeWee Herman and falls head over heels over him. They get married and have a little PeeWee Jr.

Melissa — moves her business to Tampa Bay Center (a shoplifter). Tammy — becomes a criminal and gets sentenced to a sanitarium for the rest of her life. Ruth — becomes a housewife and has two-pairs of twins, two-pairs of triplets, and four-pairs of quadruplets. Leslie — becomes the manager of Sneeky Feet and earns .05¢ an hour. Maria — will still be working as a cashier at Rene's meat market, but eventually takes over the job as head cashier. Laura — runs away from home and elopes with J.M. After we graduate we plan the following for our goals in life: I, Willie, plan to take over Playboy Magazine, and I, Oscar, will become a photographer for Penthouse, and later take over the whole company.

With much love,
Willie Sosa and Oscar Martinez

To the 1987 Hillsborean Staff:

We wish you much, much luck in the year to come. You'll need it!

?

Mel,

Remember our Sophomore year, 6th period World History with you-know-who. Then came our Junior year... it wasn't as great. But we made it through! Now, finally, our big year is here — "Seniors" (yeah!) Can you believe that we are still best buddies! There are times when it got really tough and I wondered, but I think back on all of our "times" — good and bad and I know we'll get things straight. Just remember — "Bathrooms make best friends" — Life's most embarrassing moments!!! I'm glad we both made S.S. we'll have a blast! One more thing, words cannot express how much gratitude I feel for all the times we worked out our problems with "R" and "R."

B.B. Forever
Shel

There's a person in my life whom I care for so much she soothes my soul with her heart-warming touch

She shows me her love when we are together and vows that it would last forever and ever

She is the person in my life who's very special to me and to her love would cause a tragedy

The times that we're together is so full of delight and the love that we share I know is right

I thank the Lord for this lovable girl and pray she'll be mine till the end of the world

Before I end this poem there is one thing that I must say Dallas, my sweetheart, I'll love you until the end of my very last day...

Love Always,
Kurt Young

Key Club would like to congratulate the class of 1986 and thank everyone for their efforts in making this a great year! Special thanks to our officers and sponsors. Congratulations to the 1986-87 officers and new members. Let's have another fantastic year!

CONGRATULATIONS ALICIA MARIE FERNANDEZ CLASS OF '86

God made the world with its towering trees
Majestic mountains and restless seas,
Then paused and said "It needs one more thing . . .
Someone to laugh and dance and sing
To walk in the woods and gather flowers,
To commune with nature in quiet hours,"
So God created Girls
With laughing eyes and bouncing curls,
With joyful hearts and infectious smiles,
Enchanting ways and feminine wiles,
And when he'd completed the task He'd begun
He was pleased and proud of the job He'd done,
For the world when seen through a Girl's
eyes —
Greatly resembles Paradise.

What a joy you have been to us

—
WE LOVE YOU,
MOM and DAD

With my deepest sincerity and admiration, I wish to acknowledge all of my friends, relatives, teachers, associates, co-workers, and good buddies. Good luck now and in the years to come!

Hugs and kisses,
TWINKIE

P.S. Lisa, don't be embarrassed, after all you are my sister. Sam, don't worry about it, you'll get him! F.D.T., thanks for all the fun times we had! M.D.T., watch out! Here we (F.D.T.) come! Claudia, Monica, Jody, Marci, Nikki, Lisa, Shelley, Christine, Stephanie, Tracie, Francis S., Francis M., Allison, Anna, Jon — Thanks for all the help and fun over the past years. To all of my new friends, good luck and keep up your grades!!!

To Allison, Michelle, Anna, Terianna, Cheryl, Merrith, Heather, Marci, Robert, Stephanie, Jack, Butch, Brian, Ian, Kellie, Nancy, Lisa, Julie, Kenny, Jack, Rae, Frances, Tracie, Cynthia, Tracie, Rolando, Jennifer, Stephen, Steve, Debbie, Eric, Jody, Trina, Yvonne, Sara, Chrissy, Dena, and especially Nikki and my brother, Gary.

Thanx for making this such a great year.

Love you all,
c/o 87 Greg Richards

To our daughter Anna:

It has been a pleasure watching you grow and achieve. God bless you.

Keep on dancing!
Love,
Mom, Dad, Alex

Jennifer,

We've been friends for a long time and just because we're graduating doesn't mean it has to end. I can't believe it's over. It seems like just yesterday we were sophomores. Thank you for all of the good times, the memories, and all the tears. We've been through alot and it's never going to end. Love, Angela

To all my friends: I want to thank you guys for making these 3 years at H.H.S. the best. Melissa, Thanks pal. You're a terrific friend, I'll never forget the great times we've shared. And remember, we have a big summer ahead us after we graduate. Michelle, I want to say thanks for being such a great friend since the 6th grade. You deserve the best in life and I hope you achieve all your goals. After we graduate, you'll see that Mr. W. will come around. Don't give up. Ruthie, thank you for always being there for me. You're a terrific friend and one I'll never forget. I wish you and Marcos the best. You guys belong together. Leslie, your so crazy it's not even funny. Thanks for the wacky rides in your "bug." I hope someday you find a guy (one guy) that you really care about. Good luck. Thanks to Marisa, Juan, Oscar, mom and dad, You've really helped me through school and I love you for that. Love ya, Lola

To all my friends, Thanks for everything! I love you all. Good luck in your future plans. Bridget and Angela, You two have been really good friends (best friends) to me. I love you two a lot. Thanks for always being there for me when I needed you. I know we will always remain the best of friends. Jackie and Wendy, I know that we just became good friends this year, but I feel so close to you as if we were good friends for a long time. You two have helped me so much with my problems. Thanks for always having your shoulders ready for me to lean on. I love you guys. Always keep in touch. Tony, You have been the best to me. You are the only guy, best friend I have. I can always seem to talk to you with no problem. You will always be one of my best friends, forever. I don't ever want to lose your friendship ever. Always keep in touch. Thanks for everything. Love ya! Love, Donalene

Congratulations

Class of '86!

Good luck, Margaret!

Class of '87!

Love,

Ted and Michele Wilson

Mrs. McCloud; On these familiar pages, the names and faces may be different but the heart still says the same. "We All Missed You Much"

Miss Bryan; Like art, words cannot express the person that you are and the things that you've done for me. For three years by your side, your care and concerns have deeply touched my heart.

Mrs. May; "I'm really going to miss you."

Hue, my beloved sister and Hoang, my cousin; "Live it up! And reach to your potential in all you do."

My Class of '86, my HELM staff, and all my friends: Ta-Ta, Komes, Gwynn, Kim, Trung, Michelle N, Lori, Michelle A, Milissa, Cynthia, and Monica. I Wish you all the best and lots of success. Love, Van H.

Lynn and Michelle, My two buddies, I hope our friendship will never end. Let's always be the best of friends. Lynn good luck with Ernie, and don't forget all the times we got into arguments and you said (sorry), well I'm sorry too. Michelle, I wish you luck next year when me and Lynn are in college (he he). Lynn don't forget our little friend Shawn he'll always make us laugh. What about good and better, I bet people get sick of us saying that. Well Nancy hope we will stay friends cause you're kinda a drifting from me, you don't walk with me anymore to get a "Mr. Pibb," but that's okay I understand and everybody else I forgot, good luck in the future. Love always your friend, Alicia Fernandez

Michelle and Alicia, My 2 best buddies! What would I have done without you guys. My high school days would have never been the same without you. Mich — I'll never forget all our long talks and don't 4-get the depression talks also. Thanks for a very memorable and hopefully everlasting friendship. Leesh — don't "Fall Out" on me now "He He" and don't let us 4-get our famous words "Good" "Better" To all my cheers you've been a great squad keep up your spirit. I'll never 4-get you. Mom and Dad "I love you" very much. Ernie it's been different, but I'm glad we had the chance to know each other better. Hi Nancy, Behave!! And last but not least, I love you Lori "My linnie sister." To all my other buddies, C ya later. Love, Lynn Ambrose

Congratulations and Best Wishes to Rhea C. Eddings:

You have made me very proud. Thank you for being the daughter you are. This is just the beginning for you. There is nothing that you cannot accomplish, no mountain you cannot climb and no river you cannot cross. With that thought in mind I know no matter what your goals in life are you will be successful. All of us that love you wish you the best and much happiness.

Love,
Mom, Allen, Robert and Grandma

I want to thank you guys for being my friends. I especially want to tell my friends in Sound System and Terrierettes and people like Shelly, Sherie, Melissa, Paul, Darren and Michelle you have made high school a BLAST! You guys have made me laugh even when most of the time we laughed at something stupid I did. I will always remember ya'll and ya'll better remember me!

I love ya'll,
Cheryl

Often Missed, But Never Forgotten

Above: As well as help with yearbook, Mrs. McCloud gave advice as a friend. She suggested to D. Rua it is time to get a new book bag.

Below: Mrs. McCloud took the yearbook staff to New York where M. Morris, T. Hernandez, and she explored the subway.

Right: At a Christmas party, Mrs. McCloud is happy to relax with her Hillsborean friends.

This year's book is dedicated to Mrs. Tammy McCloud for all the help and love she's given us.

In past years, the yearbook staff dedicated the **Hilsborean** to the member of faculty who had the greatest effect on the yearbook through contributions or guidance. This year the person who contributed the most, not so much in present as in past, was Mrs. Tammy McCloud.

Through her dedication and work during earlier years at Hillsborough, she prepared the 85-86 staff for the immense job of designing the **Hilsborean**. Although Mrs. McCloud had to leave Hillsborough to be closer to her home and family, she was still available for help any time. The answers to our most puzzling questions were only a phone call away. During her four years as yearbook adviser, she developed methods of organization that guided us through the hardships we encountered. She is often missed and always remembered.

Mrs. McCloud had many friends at Hillsborough including R. Kaskeski and V. Bui.

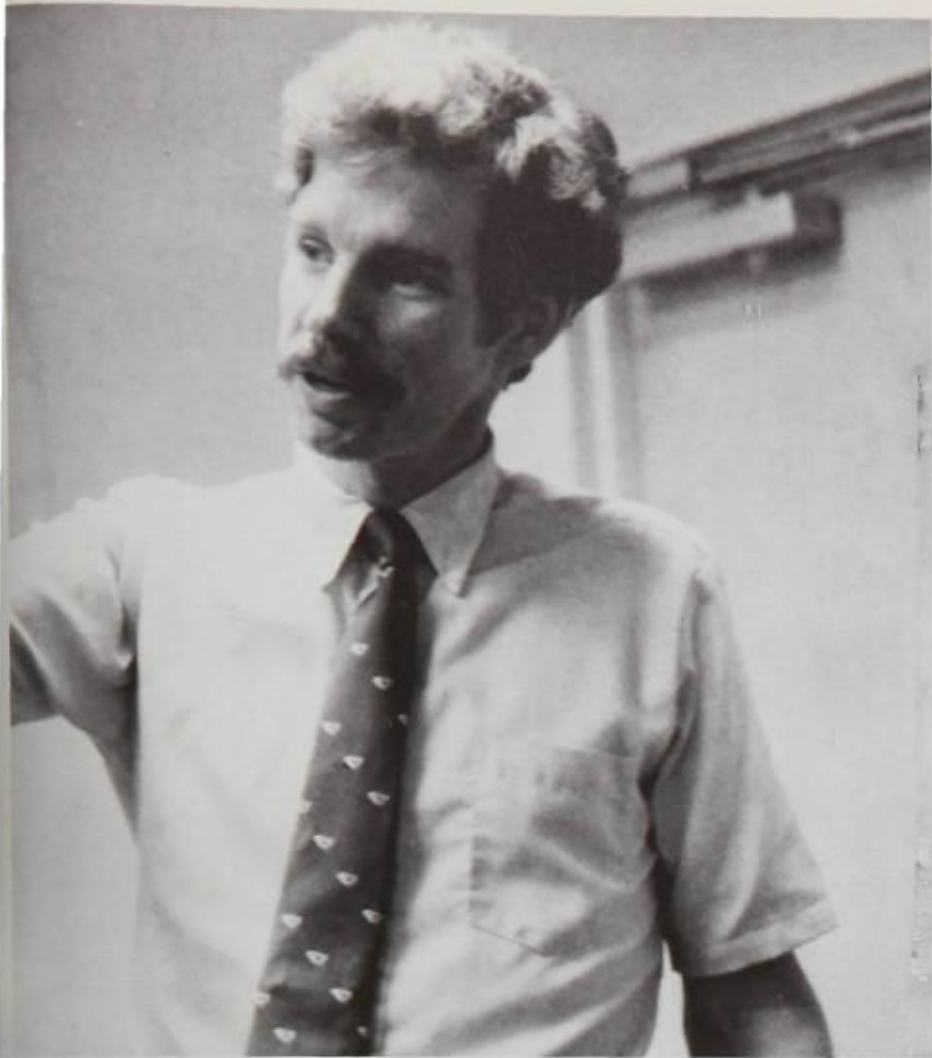

At the unveiling of last year's book, Mrs. McCloud received Mr. Collin's appreciation.

It was a touching moment for Mrs. McCloud when her last book was unveiled.

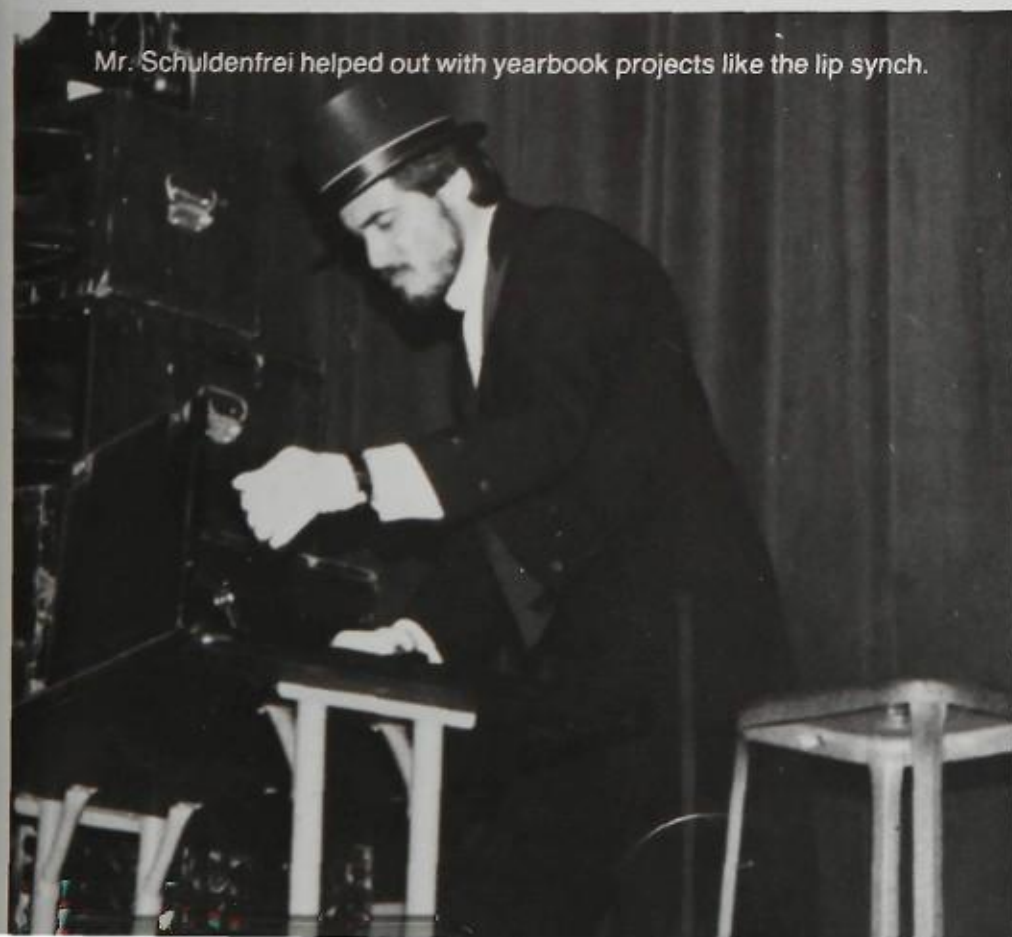

Mr. VanderVeen put a dedicated effort into running the yearbook.

Editors' Note

At the close of the 1985 school year, being named editors-in-chief was a great honor. However, we did not realize the enormous job that lay ahead of us. Having a new yearbook adviser brought about unexpected complications, but Mr. Vanderveen's journalistic experience proved to be a great asset, along with his much needed enthusiasm. With a little guidance, the new staff performed its job well. Through hard work, determination, and a great deal of extra help from the senior editors, the 1986 Hilsborean was published.

Red and Black

Although Yale has always favored
The violet's dark blue,
And the sturdy sons of Plant Hi
To the gold and black are true,
We will own the lilies slender,
Nor honor shall they lack,
While the terrier stands defender,
Of the dear old Red and Black.

Throughout the year, friends go through a lot, but Michelle Kernahon and Kendra Harrington have always tried to stay close.

Seniors Angie Jones and Kim Midulla have always showed their pride to their school.

Left: Beautifying our school caused many students an inconvenience. Robert Weatherford thinks he could have assisted in the job.

Below: Although she had a busy year, Joanna Hazelton always found time to "relax."

Philip Smith and Alicia Avery, will stop at nothing to show their Terrier Pride.

Right: Yvette Ferara and Daren Thomas will always remember their time together at H.H.S.

Below: Football games and pep rallies will be memorable activities for these spirited students.

These teachers are proud to be part of the Hillsborough tradition.

As students of Hillsborough, we've seen it withstand a year of change. We started the year with new teachers including a new yearbook sponsor. By the end of the first semester we had a new principal, with the former vice-principal taking charge.

Many of our days were spent walking around painters but the result is a beautiful school inside and out. Another big change in the halls of Hillsborough was the permanent removal of the much loved coffins. These monuments were located in the main hall of the second floor, and were gathered around between classes to socialize.

It has been a year of jaywalking tickets, winning football games, and pastel walls. The Centennial was a hard act to follow, but we have given an encore that was even better. Surely our school will continue to improve in years to come.

Saying Good-Bye

As the year comes to a close, many students begin to experience a mixture of feelings. At times the days seemed to last forever. Sometimes Friday was so far away, and waiting for the prom could have been an eternity. All year we were anxious for that final bell. But most often, the time slipped past us faster than we noticed. When we were living it, we couldn't wait for the year to end. For the underclassmen it's a three month vacation then back to the dear old Red and Black. For seniors graduation would mean entrance to an independent world. As we savor the last few days, we collect memories, and promise to keep in touch. A new life may be ahead of us but our years at Hillsborough will remain forever. The halls of H.H.S. not only provided classrooms for learning but gave us a place to see our friends and make new ones. The time spent within the school and at school activities would prove very special in years to come. Though visits to the Dear old Red and Black would be few and far between in coming years, the memories would serve as a constant reminder of the great times spent at the BIG RED.

Close friends rely on each other. Shelby Satters and Chantel Perez are no exception to that rule.

Left: Rhonda Wood and Lori Thomas promise to stay close after graduation.

Above: Good friends Bobby Ray and Wendell Ramirez will always remember the pride and tradition at H.H.S.
